VOL. LXIII. NO. 32. REDWOOD CITY, CALIFORNIA, SATURDAY, NOVEMBER 4, 1922 ESTABLISHED 1859

SECOND UNIT OF SKYLINE ROAD TO BE STARTED SOON

Contract for Construction of New Road Awarded to San Francisco Contractor

Another important link in the highway system of the county was started last Wednesday, when a contract for the construction of the second section of the Skyline boulevard was awarded to P. L. Burr, San Francisco contractor. This section extends from the Sneath Road in the hills back of San Bruno, to a point on the present San Mateo-Halfmoon Bay road near the Crystal Springs dam. The contract for this section of the road was for $336,814, that being the lowest bid presented. The engineers of the commission estimated the work at $321,000. Work will be started on this section immediately in order that it may be ready for travel in the spring.

The first section of the road, extending from the Sloat boulevard to the Sneath road is already graded and is now being graveled.

When completed the Skyline road will follow the summit of the hills from San Francisco to Santa Cruz and will be one of the most scenic routes of the state opening up sections of San Mateo and Santa Clara counties now seldom seen by most people. It is expected that the opening of the new road will materially lessen the congestion on El Camino Real.

MRS. NORRIS SPEAKS ON WRIGHT ACT

"This is not a question of prohibition but a question of respecting the law of our country," said Mrs. Kathleen Norris, in the course of an address on the Wright Act, at the Sequoia theatre last Wednesday afternoon. Mrs. Norris, who came as a representative of the "Committee of 5,000" to explain the provision of Wright Act, gave an interesting and able address on the duty a voter owes to the laws of his country, "Forty-six of the forty-eight states" said Mrs. Norris, "have passed laws upholding the federal law, California and Maryland being the two exceptions." In refutation of the often repeated remark that "prohibition was forced on the people," Mrs. Norris brought out the fact that two thirds of the country was dry by local acts before the eighteenth amendment was passed.

Mrs. Norris, who is internationally famous as a writer and novelist, was introduced by Mrs. A. S. Kalenborn, who since the Wright Act was first proposed has been a tireless worker for the passage of the bill.

CAN YOU GUESS

The guessing contest which the Sunshine Stores are putting on is attracting great attention in the community All you have to do is guess. Easy isn't it. There is a pile of Russian roubles in the Sunshine store's window on Main St. and to those who guess the nearest to the number of roubles in the pile will be given valuable prizes. Just stop in at the store and ask for particulars.

EASTERN STAR HOLDS PARTY

The party held by the Eastern Star last Monday evening was one of the most enjoyable affairs of the Hallowe'en season.

The event was a costume party and many a laugh was caused by the costumes of some of the guests. Dancing started the program, the music being suplied by Mrs. Rice and Mrs. Carl who took turns at the piano, while Dan Mullen and John Carl relieved each other on the violin.

Games and Hallowe'en stunts were enjoyed between the dances. Later in the evening the party gathered in the upper rooms where refreshments were served, on a table artistically decoated in appropriate colors and Hallowe'en novelties. Interesting and entertaining talks were given by several of the guests, and then as a fitting close to so enjoyable a time, R. Roy Bixby, Patron of the Chapter last year, was presented with a large, handsome birthday cake.

This party was enjoyed by about seventy-five members and friends of the chapter and all were enthusiastic in proclaiming it a great success.

RESIDENCE OF MRS. H. P. MILLER IS SOLD

One of the largest sales made recently was reported last week by Lambert and Walter. The palatian residence of Mrs. H. R. Miller, situated on Baywood avenue, Hillsborough, has been purchased by Geo W. Kleiser, prominent business man of San Francisco, who will soon be a new addition with his charming family to the peninsula.

The property adjoins the Welch and Schwerin estates, and is one of the most beautiful home settings in that district of wonderful home locations. There are several groups of magnificient old trees on the property, which takes in half of San Mateo creek. The new owner contemplates putting in a swimming pool and other extensive improvements. Revenue stamps on the deed show a consideration of $50,000.00.

WEBB TO CONSTRUCT TOLL BRIDGE

According to the latest advices, Frank Webb, connected with the Three Cities Chamber of Commerce, will petition the board of supervisors, next week for permission to construct and operate a toll bridge across the San Francisco Bay. This bridge will be built between Coyote Point, near San Mateo on this side and Alvarado in Alameda county, a distance of about six and a half miles. This move on the part of Webb practically assures the construction of the bridge which so far has been mostly a subject of conjecture.

NOTICE OF APPLICATION FOR LEAVE TO CONSTRUCT AND OPERATE A TOLL BRIDGE

Notice is hereby given that on Monday, the 18th day of December, 1922, at the hour of 10:00 o'clock A. M. of said day, or as soon thereafter as said application can be heard, the undersigned, FRANK ELBRIDGE WEBB, will make application to the Board of Supervisors of the county of San Mateo, State of California, at the Chambers of said Board of Supervisors, in the County Court House in the City of Redwood City, County of San Mateo, California, for authority and license, and for a franchise from said Board of Supervisors to said FRANK ELBRIDGE WEBB, his heirs and assigns, to construct, operate and maintain a toll bridge across San Francisco Bay, said bridge to be located across San Francisco Bay at points thereon, that is from Little Coyote Point, San Mateo County, California, to or near the town of Alvarado, County of Alameda, State of California. Said bridge to have an approximate length of six and one-half (6½) miles from shore line to shore line, and a breadth of not less than forty (40), nor more than eighty (80) feet.

Dated: November 1st, 1922.

FRANK ELBRIDGE WEBB.

First Publication in Times-Gazette, November 4, 1922. 7t

San Carlos Items

Our Chamber of Commerce is scheduled to meet at 8 o'clock on the last Thursday of each calendar month at the city auditorium. We dropped reading O. Henry and everything else in an especial effort to be present and on time last our dues, but for the more particular reason to swell the crowd, and to give our hearty, enthusiastic and financial endorsement to the purchase of a big block of Redwood Ciyt fire department tickets for their next dance and card party. we found one present excepting Fred T. Odgers, the popular janitor and clerk of our efficient school board, who was there to fire up the building and to give such active support to anything which might be brought up at the meeting as might be needful and for the best interest of the community.

However, as some solice to our disappointments of the night before, we were happy to learn from one of the members of the executive committee, the following morning, that the matter of purchasing tickets to the Fireman's ball had been taken care of by the executive committee without the necessity of consulting the membership. If it wasn't for the hard worked committees in our various organizations, it would be hard to tell just what would become of us. But, we're hoping for an added interest and zeal, and a larger attendance upon the part of the membership at our next monthly meeting, so that all of the heavy work won't be left to the over burdened committees. And we also want to pay our dues before we become delinquent.

Mrs. Ida Hoethelling of Berkeley, one of the enthusiastic suporters of the Rev. Stitt Wilson in all of his campaigns,, was the week end guest of Mrs. Jack Cowgill.

Hr G. Walsh, a solicitor for the S. F. Call was in town last Monday picking up new subscribers for his paper, and also renewing old acquaintances among his friends who have emigrated to San Carlos from Menlo Park since young Walsh was a small boy. Among his old friends of the early days were the Andrew McDonalds. Young Walsh is a son of the popular constable of the Third township, who can't be beat.

SAN CARLOS WOMAN CALLED BY DEATH

Mrs. Emma C. Huff, formerly a resident of Mill Valley, but who has been residing with Mrs. J. V. Clark at San Carlos for the past year, died yesterday afternoon after a lingering illness.

Mrs. Huff was the wife of the late Joseph Huff and a native of Washington, D. C. She was an active worker in the Rebekah lodge, being a member of Blythdale lodge of Sausalito and had become exceedingly well known on the Peninsula since taking up her residence in San Carlos. Up to the time of her illness she was conected with the firm of I. Magnin & Co. in San Francisco.

Funeral services will be held this afternoon at 2 o'clock from the chapel of Tinney & Layng in Redwod City, being under the auspices of Olive Branch, Rebekah Lodge, No. 48.

—o—o—o—

Something that approximates an epidemic of verse has made its appearance among the students of the Pescadero Union High School, and the excellence of some of it is apparent in the following poem of one of the pupils

SUNSET, NIGHT AND DAWN

By Thelma Crandall, '26

T'is time the sun is setting
In red streamers in the west,
And the little birds begin to seek
Their covertly hid nest.

Then one by one the stars come out
In silver spangles bright,
To keep their silent watch o'er us
throughout the sombre night.

So still is all—save solemnly,
The hoot of an old owl,
Or the weird yelp of a wild coyote
In his stealthy, stealing prowl.

And lo, then comes the dawning—
Flushed—carnelian hued,
Trembling on the brink of night,
A startled fawn, pursued.

AUSTRALIA TAKING GOVERNMENT OUT OF BUSINESS

Bit by bit foreign governments are ing Administration in taking the government out of business. The feature of the present session of the parliament of New South Wales, Australia, for example, proposes to legislate to curtail the functions of the basic-wage-fixing tribunal and to abolish the profiteering prevention act "at once instead of waiting for it to expire at the end of the year "It will also "abolish the fair rents court. The primary effect of this court was to discourage building. It also resulted in higher instead of lower rentals." The fourth reform is to "abolish the housing board. The cottages built at great cost by this board are now vacant because of the high prices asked." Two of these evils, a rent commission, and a housing commission, we still have in Washington. The housing commissioners appear to be in a constant state of turmoil with the tenants of government apartments, and the commisioners draw high salaries and create a drain on the federal funds. It is probable that this housing commision, another peculiar inheritance of the Wilson administration, will be put out of business in the near future. If war ever gave it an excuse for existence, peace certainly warrants its early demise.

LOCAL NEWS NOTES OF OUR FAIR CITY

The work of pouring concrete in the forms of the California Pacific Title Insurance Company's new building was begun yesterday.

*****

The Ladies Circle of the Congregational church will meet at the home of Mrs. T. C. Rice next Wednesday. All are invited.

*****

Mrs. L. E. Allan, daughter of Mr. and Mrs. L. P. Behrens, is expected to arrive from her home in Seattle about next Tuesday. She will be accompanied by her baby daughter, Marion.

*****

A marriage license was issued in San Francisco Wednesday to Charles A. Forbes, 25, of Redwood City, and Alice P. Perry, 23, of 1590 California street, San Francisco.

*****

Frederick W. Nobs, Superintendent of the Empire Mine, Grass Valley, was in San Francisco last week attending a conferenec of mining engineers and mine owners. The principal business of the meeting was to make regulations which would tend to protect the lives of miners. Mr. Nobs spent Friday and Saturday here with his parents, Mr. and Mrs. Fred Nobs.

*****

John H. Machado, deputy district attorney, was in San Luis Obispo last week visiting his mother.

Mrs. James Ralston, formerly of this city, is recovering from an operation which was performed at Council Bluffs, Iowa, where she is visiting her son, William Wilbur.

*****

On Wednesday evening, November 15, the Sequoia alumni will meet at the high school. This will be the last meeting before the Alumni Circus to be held on the 18, and as the final plans for the circus are to be formulated, it is hoped that all who are interested in that event will be present.

*****

Have you everything in the world you want? If not, watch our want ad column, you may find it.

The Misses. Hazel and Mildred Lamb sent an airplane letter from Salt Lake City, reaching Redwood City within 24 hours, stating their ten weeks' engagement with the Loew Circuit, expired Saturday, November 4, but have been engaged for another ten weeks, so not to expect them home until January

*****

The Locker home on Main street was the scene of joyous festivities last Saturday night when the Misses Claire and Eva Locker acted as hostesses to a score of their friends at a Hallowe'en party. The house was gayly decorated with orange and black crepe paper, pumpkins and serpentine. Games and ghost stories were enjoyed in the earlier part of the evening, followed by truly Hallowe'en refreshments, pumpkin pie, apple cider, doughnuts and coffee. The table was artistically decorated in Hallowe'en colors, and dainty place cards to which fortunes in walnut shells were tied, afforded much merryment during the evening. After the refreshments were disposed of dancing and games were again indulged in. Those who enjoyed this pleasant affair were the Misses Muryl Blomquist, Florence Taylor, Mildred Proctor, Mabel and Marion Corwin, Sylvia Underhill, Mary Rowe, Claire and Eva Locker, Mr. and Mrs. Albert Meyer, Mr. and Mrs. W. Wheeler, Mr. and Mrs. Earl Elkerenkotter, Messrs. Louis Uhlenberg, William Stevens, Harry Meyer, Fred Taylor, Anthony Heller, James Stewart, Moses Watts, John Isaac and Wesley Locker.

*****

Frank Allen, an employee of the Southern Pacific here, who has just returned from an extensive tour of the eastern states, spent the week end as the guest of Geo. Winters of Petaluma. Winters, who is well known here as a former Redwood City man, is now in the garage business in the chicken city.

*****

Mr. and Mrs. J. C. Davidson of San Francisco were visitors with Mr. and Mrs. H. J. Schneiderewind Sunday.

Mr. and Mrs. Cecil Cairns of San Francisco were week end visitors with the home folks the past week.

Mrs. J. D. Neil and three children, Malcolm, Donald and Lois, of San Mateo were visitors for the day Sunday with Mr. and Mrs. A. Gravestock on Olive street.

Ralph Follett and Lester Harper were down from the University of California a week end visit with the

Geo. Radway went to Cotati for the home folks the past week, auto races last Sunday.

Mrs. Phoebe Price and daughter, Jean, who have spent the past several weeks at the Crowther home, have returned to Los Angeles.

Mr and Mrs. L. T. Hills of Los Altos were visitors the past week with Mr. and Mrs. R. G. White.

A new feed house and additions to the poultry houses are being built on the McElhattan place.

Mr. and Mrs. Lloyd Martinelit of San Francisco were Sunday visitors with the home folks.

The Radways are driving a new sedan.

Mrs. Ed Walsh and baby are visiting Mrs. Walsh's parents, Mr. and Mrs. Bligh on Donahoe St.

Lumber is on the ground and and the foundation made for a new bungalow on the Lund place on Cooley avenue.

Mrs. Bessie Reyer returned the past week from Fresno, bringing with her Mrs Wm. McConnell of Chowchilla who is a guest at the McBride home.

Mr. and Mrs. E. H. Bartlett were San Francisco visitors Monday.

Mrs J. Hubbard and daughter, Dorothy, the former a sister of F. L Gates of San Francisco, were week end visitors the past week at the Gates home on Walnut street.

Boy Scout meeting Saturday evening at 8 p. m. in Sunday school roms.

Miss Alice Averill, sister of Mrs. W. A. Romes and Miss Flynn, a cousin from Watsonville, spent the past week with Mr. and Mrs. Romes.

Mrs. A. B. Partees' mother, Mrs. Neil McIsaac and her grandson, Neil Hawkins, of Mill Valley, returned home Tuesday after a 2 weeks' visit at the Partee home.

There was an attendance of an even fifty at the Woman's Club meeting Wednesday afternoon. A very interesting business session was held and five new members added to the roll. Mesdames Russell, Israel, Douglas, Nystrom and Barnett. A committe consisting of Mesdames R. Wolverton, C. Cairns and I. Furbush was appointed to confer with the Boy Scouts regarding some of the Scouts' needs.

After the business session a very interesting program in charge of Mrs. Ella Epperon was enjoyed. Mrs. C. S. Harlan played 3 piano solos, Miss Kate Forsythe gave the poem, "The Man with the Hoe," by Markham. Mrs. Epperson read a paper on "Something Peculiar to California," and Mrs J. B. Maynard told of her visit to the petrified forests and geysers of California. The hostesses for next time will be Mesdames A. E. Albertson, W. Wardlan, R. G. White, W. H. Waldo and Martin Anderson.

WOMEN TO MARCH IN PARADE TODAY

It was announced yesterday by Mrs. Charles Mausser, chairman of the San Mateo county division, that San Mateo county women who intend to march in the parade in San Francisco tomorrow are to meet on the north side of the Embarcadero at 9:30 o'clock.

ROACH FOR SHERIFF

Frank P. Roach has finished his campaign and from the encouragement received is certain of his election. He has made no promises other than the faithful performance of duty and his straightforward appeal has won many voters. His backers predict that he will come in with 1000 majority.

SUPERVISORS HOLD IMPORTANT BUSINESS MEETING THIS WEEK

Civic League of Improvement Clubs Urge the Construction of Bay Bridge

That the bridge across the bay is more important than the highway is the statement made in a communication to the Board of Supervisors, last Monday, By Geo. V. Gerhard, secretary of the Civic League of Improvement Clubs of San Francisco. Gerhard urged the board to impress upon the members of the Eastside Highway Board, the importance of the Dumbarton bridge.

A contract was awarded to the San Francisco Motor Drayage Co. for the construction of a dyke on a portion of the Bay Shore Road north of San Bruno. The bids submitted by this firm were as follows:

Item 1 the construction of a levee, per cubic yard of material used 36 cents; and item 2, for the construction of a protective bulkhead, per lineal foot $4.00. Other bids were received as follows:

P. Montague, item 1 55 cents, item 2 $6.00.

A. Tieslau, item 1 40 cents, item 2 $4.25.

Guerin Bros, item 1 39 1-2 cents, item 2, $5.00.

A communication was received from a number of residents of the west end of town asking that a portion of the Johnson road, a lateral from the West Union road be improved.

H. C. Finkler one of the signers of the petition, appeared before the board and told them of the location and condition of the portion of the road that required attention. Supervisor Brown, in whose district the portion in question falls, said that she would see that it was repaired.

A map of the Fremont acres tract in Menlo Park was presented to the board by Engineer Dimmit, for their approval. This land is soon to be put on the market as a subdivision. The board accepted the map and set the bond at $400.

Another map was presented to the board by Dimmit, this of a resubdivision of lot 8 in block 32 and lot 1 in block 34 of the Oak Knoll Manor district. This map was accepted by the board and the bond set for $300.

A communication from Col. Deakyne of the War department arvised the board that from that date until today objections to the laying of pipes across the Dumbarton Strait by the City of San Francisco for the carrying of the Hetch Hetchy water supply could be placed and would be given due consideration.

A comunication received from Mrs. Carrie A. Jury and B. C. Murray of Bergsford asking permission to lay a ppe line along Ashley avenue, to carry water from the Spring Valley main on the highway to their property on Ash avenue. The permission was granted.

A communication from the Pacific Gas and Electric Co. relative to the renewal of the lighting contract in Visitation Valley, was refered to District Attorney Swart. As the law required that bids be received in such cases, according to Swart, it was ordered that the clerk should advertise for bids in this matter.

The matter of changing the name of Alejandra avenue in Menlo Park to Faxon avenue, which was petitioned in a letter to the board from Edward Long, a resident of that avenue, who gave as his reason for wanting it changed, the difficulty of spelling the present name, was laid over three weeks at the suggestion of Supervisor John MacBain.

A letter was received from the State Highway Commission advising the board that it would be impossible to deliver the trucks which the board expected to get from the War department, and offering to rent trucks in San Mateo county in place of delivering the five trucks ordered. The clerk was instructed to notify the Highway Commission that the board is not now in need of trucks and to cancel the order.

A claim was received and allowed from J. V. Swift, postmaster of Redwood City for postage on sample ballots sent out this month. This claim was for $505.57.

Supervisor Rosalie M. Brown reported that she had been investigating safety signals with the view of installing one at the Beresford turn. A suitable signal could be purchased for $25 she said, and Walter Kellogg, manager of the Pacific Gas and Electric Co. had offered to have it installed. Mrs. Brown was given full authority to act in this matter by the board.

The members of the board were invited to act as judges for the Armistice Day parade to be held in San Mateo next Saturday by the American Legion. This invitation was extended by Geo. W. Johes, representing the Redwood and San Mateo posts of the Legion, who appeared personally before the board and told of the plans for the approaching celebration.

Permission was granted to Sheriff Sheehan and District Attorney Swart to leave the state for a period of not more than thirty days.

M. J. KNOX ATTENDS MOTHER'S FUNERAL

M. J. Knox of this city went to Paradise, Butte county, last Sunday to attend the funeral of his mother, who passed away at that place on Friday, following a brief filness. Mrs. Knox, who was a resident of Butte county since 1856, had just completed her eighty-sixth year. She leaves one son, A. C. Knox of Butte county, beside our neighbor here.

SISTER-IN-LAW OF GEO. McNULTY BURIED IN S. F.

Mrs. Frank McNulty, sister-in-law of George McNulty local lumber dealer, passed away at her home on Shotwell St., San Francisco last Tuesday Mrs. McNulty was taken sick on the Friday previous to her death, with what was pronounced to be appendicitis. The funeral was held Thursday from her home. The McNultys were well known locally and the news of her passing will be received with sorrow by their many friends.

EPISCOPALIANS MEET IN GILROY

The Convocation of San Jose of the Episcopal church met last Thursday and Friday at Gilroy in St. Stephens parish. This convocation includes all the parishes between San Francisco and San Luis Obispo The Rev. E. H. Molony of St. Peters parish attended, accompanied by A. W. Watterman, also of this city, who was present as a lay member.

MRS. MAC ARTHUR CALLED BY DEATH

Mrs. Alice Mac Arthur passed away at her home on the Highway last Monday, following a long illness. Mrs. MacArthur, who is the wife of H. E. MacArthur, engaged in the real estate business in San Francisco, had been with her family a resident of Redwood City for over two years, having lived in a house formerly occupied by the Henry Martins family on the Crescent, until recently when they moved into the Lesserman house which they now occupy. Mrs. Mac Arthur is survived by her husband, a daughter, Eula Mac Arthur, a student at Mills College and a son, Ernest, a senior at Sequoia.

The funeral was held Thursday, interment being in Cypress Lawn.

Harry Cavassa, the South San Francisco druggist, was a Redwood City visitor Thursday.

Advertising pays, but not unless you do it.

OWNER OF RANCH NEAR REDWOOD SUES TENANT

In a complaint filed in the Superior Court through Attorney Edward F. Fitzpatrick, David Solori, owner of a 35.93-acre tract of land on New Arguello street near Redwood City, charges that his tenant, S. Nakano, has failed to keep the provisions of his lease and is now several hundred dollars in arrears in payment of the rental of $800 per year. He seeks judgment for $350 claimed due, together with costs of suit.

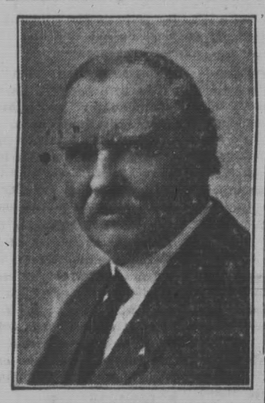
SATURDAY, NOVEMBER 4, 1922



Friend W. Richardson

RICHARDSON, THE PROGRESSIVE

Chairman Albert E. Boynton of the Republican State Committee has issued the following statement:

"The Candidacy of the democratic nominee for governor has blown up. It could not have otherwise because it is based on false issues which have no place in the campaign.

"Our opponent has endeavored to fool the voters with his wine and beer platform, but we all know that he cannot over-ride the Constitution of the United States.

"Neither has the Ku Klux Klan any place in his campaign. The republican candidate is not and has not been concerned in the political aspirations and activities of that organization. He is opposed to any movement that would tend to incite class or religious hatreds. He grants to every citizen the right to think as he pleases on every subject, religious or otherwise, consistent with the full enforcement of the laws of the land.

"Our opponent has utterly failed to develop a constructive program but is worshipping false Gods in the hope of clouding the real issues raised by Mr. Richardson, namely; efficiency and economy, and the perpetuation of the splendid program of humane and social legislation, accomplished government of this state a useful servant of the people who bear its burdens.

"Our party is pledged to the safeguarding of this legislation by wise and salutary laws to enlarge and improve it and to maintain, protect and preserve those forward-looking measures which have made California the foremost of the Progressive Republican State of the Union.

"Mr. Richardson has always been a true progressive and his record is without a flaw. He posseses a thoughtful and analytical mind capable of understanding and meeting all of the grave responsibilities and duties that devolve upon the governor.

"He is not a representative of any class or group, but is a true representative of the spirit and ideals of the republican party and of the great majority of the people of California, whom he has served so well in the past. He deserves the support of all citizens.

"The governship of California, both in law and in fact, is a partisan office, the control of which is a factor of tremendous importance, both to the state and to the nation.

"Every republican should remain true to his party and loyal to his nominees, for they are worthy of your confidence.

"As chairman of the Republican State Central Committee, I am in close touch with party leaders in every section of the commonwealth and the reports received justify me in confidently predicting that Mr. Richardson and the entire republican ticket will be elected next Tuesday by a majority of from two hundred thousand to two hundred and fifty thousand."

THE AMENDMENTS

There are a few of the amendments in which we are especially interested, and we want to pass them on to our friends with our recommendations. We will not discuss each one of the proposed changes in our state law, as we believe the average voter has by this time decided what he or she will do. Our purpose is to merely state our position on some that we believe worthy of special mention.

No. 2 vote Yes.
No. 5 vote No.
No. 12 vote Yes.
No. 19 vote No.
No. 26 vote Yes.
No. 27 vote No.
No. 28 vote No.
No. 29 vote No.

Voters should not vote "No" on an amendment because they do not understand it. They should find out what it is about and if it is worthy give it their support. We have purposely refrained from stating our position on each of the questions and propositions on the ballot as a good many of them involve personal feeling and in such matters we prefer to use no influence.

NOT TO PAY WOULD BE UNJUST

In his campaign speeches, Senator Hiram W. Johnson has taken a determined stand against the proposal from abroad that debts owed this country by European nations be cancelled. He has amplified his platform remarks on the subject in a statement issued by him through the Republican State Committee. The Senator said:

"The refusal of the Harding administration to yield to propaganda for cancellation, in whole or part, of foreign debts to this country is in keeping with the overwhelming sentiment of the United States.

"There are two outstanding unanswerable arguments against the cancellation of European debts to the United States government. First, it is a misnomer to speak of the cancellation of European debts as 'wiping them out.' It would not mean that. It would mean the transference of those debts to the backs of the American taxpayers.

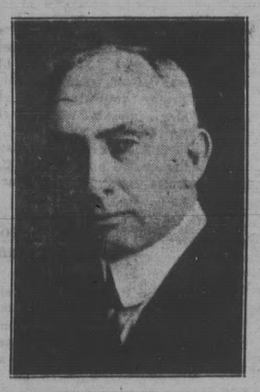
"Loans to European nations were made out of funds derived from the sale of Liberty bonds in this country. These bonds are the outstanding public indebtedness of the United States government. They must be paid when they mature. If the portion which Europe obtained from the proceeds of these bonds—$11,000,000,000—is not paid by Europe then it must be raised by federal taxes imposed upon Americans. In short, the cancellation of European debts means adding $11,000,000,000 to the tax bill of the United States. It is sheer folly to presume that the American taxpayers will consent to any such procedure.

"The other outstanding argument against cancellation of Europe's just debts to the United States is that to do so would only make Europe's situation worse. Most of the propaganda being disseminated to the effect that Europe in in a desperate situation financially and can never get on her feet unless her debts are cancelled, is false and is put out for the purpose of misleading the American public.

"It has become perfectly apparent that Europe is not going to curtail her armaments, forego her commercial rivalries and lust for more territory, increase production of her peaceful industies, cut out governmental extravagances, and make an honest endeavor to practice economy so long as she believes she never will have to "pay up." Nothing will bring Europe to her senses quicker and make for world peace and the return to normal conditions throughout the world than a realization that the United States government not only will refuse to listen to any proposal to cancel European debts, but on the other hand will insist that these debts and the interest on them be met."

NO MORE TECHNICALITIES SAYS JUDGE KERRIGAN

Judge Frank H. Kerrigan, candidate for Associate Justice of the Supreme Court, in a recent talk to lawyers and business men in this city, stated that whatever may have been true in the past, today the law is being liberally construed and cases are decided on their merits and without regard to technicalities, Judge Kerrigan should know. He has served for sixteen years upon the District Court of Appeal of this state, and has decided an immense number of cases on appeal. He pointed out that it is only since the enactment of the constitutional amend-



Frank H. Kerrigan

ment, popularly known as "section four and a half," that courts have had the power to disregard technical obstacles in the way of justice. That section provides that no judgment shall be set aside or new trial granted for any technical errors in the record unless, after an examination of the entire case, including the evidence, the court shall be of the opinion that the error complained of has resulted in a miscarriage of justice. This section applies to both criminal and civil cases.

Judge Kerrigan said that this section has been most liberally construed by the courts. A recent instance is furnished by one of Judge Kerrigan's own decisions in a case in which it was contended that a description of land in a lease was fatally defective. Judge Kerrigan, answering this objection, said: "If you are able to find this property according to this description, the description ought to be sufficient to find your way out."

A. M. FREE LEAVES HOSPITAL

Congressman A. M. Free, who was very severely injured in an automobile accident on the road between Washington and Baltimore on September 22nd, has recovered sufficiently to be removed from the hospital to his home in Washington, where he is now recuperating.

It has been necessary for Mr. Free to cancel his contemplated trip to California for the present. Although he had no contest for re-election, yet he had planned to visit his entire district in order to hear from his constituents at first hand their views on the needs of the district.

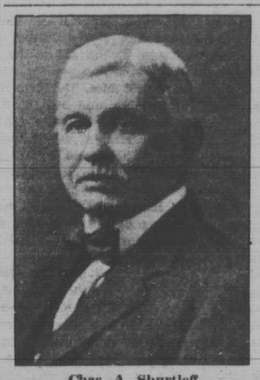
When Mr. Free has recovered sufficiently to leave the doctors who have been attending him he will probably go down to North Carolina to the plantation of a friend where he hopes to regain his strength and restore the robust constitution which was his greatest asset in his fight for life.

AN OPPORTUNITY TO SUPPORT SHURTLEFF

Tuesday of next week is an important date in the history of California. On that day the people of the state will say who shall be their representatives in the various branches of the state government. From governor down to constable and town clerk important offices within the gift of the voters will be filled.

To San Mateo county the day has a peculiar significance for at that time the residents of this county have the opportunity to register a unanimous vote for one of their fellow countymen for one of the highest offices within the state.

Justice Charles A. Shurtleff, at present a member of the California Supreme Court is up for re-election



Chas. A. Shurtleff

to a place on the Supreme Bench. He will have completed on November 7, the unexpired term of Justice Warren Olney, Jr., resigned, to which he was appointed in July, 1921. After one year and a half of public service, commendatory for its high character, Justice Shurtleff is asking the voters of California to put upon his work there the stamp of their aproval.

His elevation to the Supreme Court after more than thirty-five years' successful practice in San Francisco was a well-merited recognition of his ability and his integrity. It was made without solicitation upon his part. He has performed the arduous duties of the Supreme Court conscientiously and well. There can be no two opinions about that fact.

It now remains for the voters of this county to lead the way in the matter of insuring his retention on the Supreme Bench for twelve years more. Judge Shurtleff is a resident of San Mateo county. His home at Menlo Park is one of the beauty spots in a county of prodigal beauty. His interests is always assured in any matter which pertains to San Mateo county.

That fact in itself would make it seem almost a duty of the voters of San Mateo County to give him the high vote in Next Tuesday's election. But when there is combined with that the realization that there is no better qualified or more highly esteemed man in California for the position he now holds, the duty becomes a pleasure for it insures to the people of California the services of such a man.

A vote for Judge Charles A. Shurtleff for the Supreme Court of California will be a vote for the maintainence of the highest standard in California's supreme tribunal. It will also be a creditable boost for San Mateo county, which has Judge Shurtleff as its only candidate for any state office.

You can render a distinct service to the state and the county as well by voting for Judge Shurtleff on Tuesday next!

THE ELECTION

Next Tuesday every American citizen who is entitled to do so should go to the polls and vote. At this particular election there are few local contests but that fact should keep no one away from the polls.

As to local affairs the only contest is for the office of sheriff. Under-sheriff Heber W. Lampkin is contending for the position with Frank Roach of Menlo Park as his opponent. Mr. Lampkin was high man in the primaries but as both of the contestants have worked hard and consistently and have had their friends working for them, it will probably be a close fight.

In the 2nd. Township, Mrs. Rosalie Brown, incumbent supervisor, is opposed by O. E. Fowler, a Burlingame contractor. In the 5th Township, Dr. C. V. Thompson, chairman of the board of supervisors, is unopposed, but we have been informed that Carl Coburn will endeavor to stage a "write in."

For state positions, we most heartily indorse Friend W. Richardson for governor. He is entitled to the vote and support of every loyal republican.

We most earnestly solicit the suffrage of every citizen of San Mateo county for Judge Charles A. Shurtleff for re-election as Associate Justice of the Supreme Court. Judge Shurtleff is the only resident of San Mateo county who aspires to a state position and every voter of San Mateo county should support and vote for him.

We would urge all voters their "X" after the name of each of the candidates who are unopposed so that there will be no chance for any one to work a "write in" campaign at the last moment.

RICHARDSON HAS INTERESTS OF LABOR AT HEART

That Richardson is a real friend of labor and that the interests of organized labor in California will "best be served by the election of Richardson as the chief executive of the state," is the almost universal sentiment of the organized men and women wage earners of California.

"Richardson's labor record is without a flaw," declares George S. Hollis, president of the San Francisco Labor Council and the San Francisco Typographical Union and chairman of the non-partisan political campaign committee of the San Francisco Building Trades Council, and the San Francisco Labor Council.

"As a newspaper publisher, Richardson always conducted a union shop. Never did he employ a non-union printer," says Hollis. "When Richardson was the State Printer of California some years ago he gave the printers in the state printing office the forty-four-hour week, something which at that time even the International Typographical Union had not considered trying to get in commercial shops, and which this past year has cost the International Typographical Union millions of dollars in its efforts to establish in the commercial printing shops throughout the country. It was Friend W. Richardson who first paved the way for union printers.

"For many years past the Oakland Typographical Union has been proud of the fact that Friend W. Richardson is an honorary member of that union.

"I know that Richardson is most sympathetic with the aims and objects of organized labor, as his record proves. I have yet to hear the first complaint from a union man regarding Richardson's attitude toward organized labor.

UPLIFT IS THE ACME OF TODAY'S ACHIEVEMENT

It has been ordered by the Redwood City board of trustees, that a special election shall be held, December 19th, so as to submit to the voters of Redwood City the purchase of the proposed children's play ground

That day Redwood City will decide whether or not it is to keep pace with all modern communities. San Mateo has already issued bonds for this purpose, on a large scale, and we all know what our progressive neighbor to the south, Palo Alto, has done along this most important line. The pride of Palo Alto is its municipal play ground and Community Center and right well it should be, for does it not give the people of that city assurance in the proper upbuilding of its youth? There is no more important a duty and responsibility than the proper education and development of our children. We may spend money on roads, we may spend millions on public buildings and not to mention the dollars that we spend on automobiles, tobacco, cosmetics, jazz music, and a hundred other items, but what is it all for? Good roads are a blessing and public buildings are a necessity, and the luxuries just mentioned may be all right, but they are all for naught if we do not raise men and women of such a high calibre that they will not be more physically fit than their fathers and mothers before them, to keep pace with the rapid advance of modern civilization.

Among the advantages of our modern educational educational system is physical education as taught in our public schools today. Just a short time ago there did not appear in the faculty of a school the name of a physical instructor. It is a recent addition, and one that is proving of immeasurable value. It is especially of immense worth in our high schools, as witnesed by the fine type of young student that we notice today. They are of a brisk nature, stalwart, neat and trim, with faces brimming over with winsome smiles, bodies erect with a stiff supple spine, and very noticeable is their virtue of self control, their sportsmanlike and fair dealings with every one with whom they come in contact. The healthy outdoor games and exercises that they are partaking of, under intelligent guidance, is giving proof that these modern methods are working undoubtedly for the good of our nation and for the integrity of its future policies as well. They did not come too soon.

A child has a body as well as a mind and the development of one is as important as the other. Is Redwood City going to take its rightful position among the progressive communities of the state, or will it lag behind and thus deny its youth their rightful heritage? Let us give assurance. Redwood City goes ahead!

A FORD BOOM

The notoriety brought to Muscle Shoals by Henry Ford has had an effect that he probably did not anticipate. Real estate promoters are reaping a rich harvest through their exploitation of the future of the vicinity. Purchase of town lots and business property is described as "the investment of the age," and intensive selling campaigns are now being conducted in eight states to induce people to buy on a $10-a-month instalment plan. Similar booms in the past have usually brought losses to those who accepted the story of the land speculators, and there is no reason to believe that the result of Muscle Shoals will be any different. Unfortunately the Ford publicity has enabled the promoters to put fancy prices on their holdings.

The Woman's Relief Corps will hold a food sale on November 18. The place where this will be held will be announced in these columns next week. Watch for it and keep the date in mind, Saturday, November 18.

GREATER CALIFORNIA—STRAIGHT AHEAD

Friend W. Richardson, Republican nominee, will make good on every promise he has made to the people of this state, including an administration based on "Economy with Efficiency."

~distinct advantages of a statewide banking connection

The first of a series of five advertisements

to business men.....

Every business man or corporation is called upon from time to time to transact business in other parts of the State. It is obvious that the Bank of Italy, with its 60 offices located in the most important sections of California, can and does render a comprehensive, statewide service to business and industry which is of inestimable value. Thousands of business men can testify to this fact.

Through its well-organized facilities in 42 California cities, the bank is frequently able to transact business for its patrons by mail—a letter saving the cost of a railroad trip.

It pays in a dozen ways—to be a Bank of Italy depositor.

Woodside Chirps

A large number of the women of Woodside motored to Redwood City on Wednesday afternoon to hear Mrs. Kathleen Norris in her address at the Sequoia theatre.

Hallowe'en parties have held sway at Woodside this week. Miss Hazel Wolfe gave a party to about thirty of her little friends on Monday evening. Mrs. Albert Meyer entertained the pupils of her room at the school Tuesday afternoon, and Mrs. von Savoye invited friends to her house on Tuesday evening.

Owners of gates and other moveable property, taught by the experience of former years, took the precaution to securely chain the same or remove them to some place where they could not serve as a temptation.

I find the people of this community taking the election of next Tuesday very seriously. There is a general feeling that the task of the voter is much heavier these days when one is called upon to decide upon the advisability of specific laws than in the earlier days when one had only to select the men upon whom could be shifted the responsibility of the making of the laws. All would like to vote right, but when experts disagree it is hard for the average man and his wife to determine how the ballot should be marked.

The pupils of the Woodside school have already begun to plan and in some instnaces to prepare for their results were obtained this year and each pupil who had a garden thinks he has learned many lessons that can be put to good use in the year to come.

Fourteen of the girls of the school have signified their desire to attend the sewing classes to be conducted by some of the ladies of the community.

Miss Belle McDonald of San Francisco has been spending the week with Mrs. Fred Mighall.

Mrs. J. L. Ross, Jr., has returned from a week's motor trip thru the San Joaquin valley. She reports the roads good, the weather fine and the trip thoroughly enjoyable.

Pescadero Pebbles

On Sunday last the streets of Pescadero were simply cluttered with automobiles. The amount of traffic was reminiscent of other days, and is further evidence of the certain stir of progress being felt in almost every phase of activity represented here in what in time will undoubtedly prove the most attractive community on the coast side from every possible view point

Mr. Purdie is warmly welcomed to Pescadero as the manager of the First National Bank of Pescadero. As a banker and a man of public spirit, Mr. Purdie comes here highly recommended. His presence as well as that of the institution which he represents is certain to be felt for the good of all the forward looking movements that are now being urged for the betterment of the vicinity.

Mr. and Mrs. Asa T. Weeks made one of their frequent trips into Palo Alto by way of Redwood City on Thursday of this week. At the Hallowe'en bazaar given by the Camp Fire girls on Tuesday afternoon and evening, Mrs. Weeks was a distinctive feature in the full regalia of a Camp Fire Mother.

The girl's camp fire affair, under the direction of Mrs. S. Rogers, was a complete succes if the size of the crowd, the rate of exchange, and the talent displayed in the playlet and the arrangement of the various booths constitute the proper criteria.

After a delightful trip to Los Angeles and return, Hugh McCormick and his mother, the former proprietors of the Swanton House, are reported to have assumed positions at the hotel again under its new name and ownership of Bonzagni's Pescadero Inn. Passing the lobby of the hotel on these rather crisp evenings one is able to detect at once the cozy, homelike atmosphere of the interior, and the return of Hugh and his mother is guarantee of its permanence.

CRANK CASE FLUSHING SERVICE REMOVES DIRT

"This year Redwood City motorists will probably notice a marked decrease in the engine troubles usually caused by strenuous summer tours", predicts Wm. Chubbuck, Manager of the Peninsula Garage.

"After the summer grind over all kinds of roads," says Chubbuck, "motor crankcases and bearings store up a surprising amount of road dust, fine metal particles, carbon and other impurities. In fact, motorists let these impurities remain in the crankcase. The grit in the contaminated oil soon causes bearing trouble and expensive overhauling.

"Now, thanks to the educational work undertaken by some of the oil companies, motorists are taking advantage of crankcase cleaning service, and are periodically flushing out the crankcase and thereby removing all foreign matter."

Chubbuck recommends using some form of oil refined specially for flushing purposes. Calol Flushing Oil, developed by the Standard Oil Company, has been adopted for this work by many of the garages on the Pacific Coast.

He says that Kerosene, while having the necessary cleansing qualities, is in no sense a lubricant, and is likely to destroy the lubricating film on bearings and cylinder walls. On the other hand, if the motorist attempts to use a lubricating oil as a flushing agent, it will probably be found too heavy in body to obtain the desired results. An efficient flushing oil must be fluid enough to circulate through the regular oil passages in sufficient volume to be thrown with a scouring force against the interior surface.

BASEBALL STARS SIGN FOR CHARITY

Baseball stars of the first magnitude will appear on the Burlingame diamond on Sunday, November 12, when the annual Christmas charity baseball game of San Mateo Lodge, No. 1112, B. P. O. E. Elks, takes place.

Past Exalted Ruler J. S. Hunter and Justin Fitzerald, until recently outfielder for the San Francisco Seals, have been appointed by Exalted Ruler, Fred Birlem, to manage the event and have succeeded in signing up many of the famous big league stars who are wintering in California.

Among those already signed to appear in the charity game line-up are: Walter Reuthers, Brooklyn; Louie Fenesca, Cincinnati; Sam Bohne, Cincinnati; Jim Caveney, Cincinnati; Bill Leard, Piedmont Winter; Willie Kamm, Chicago; Dean Valla, Seals; Fred Coumbe, Seals; Frank O'Doul, Boston; Ed Anfensen, Salt Lake; Roy Corhan, ex-Seal; Tom Casey, Portland; Peto Ritche, Seattle; Justin Fitzgerald, Seals; Gene Hollister, Winter League; Nic Williams, the famous umpire, has been signed up for the charity game.

School children of America saved five million dollars during the last school year by depositing their money in school savings banks. This report was made by the Savings Bank division of the American Bankers' Association at the annual convention of the association held in New York City recently. That was 40 per cent more than was deposited in school banks during the preceeding year.

More and more school children are finding out that putting their money in the school banks is a good way to save. Last year 1,271,029 children made deposits. The year before, the number of depositors was 802,906, and the year before that 462,651.

School savings banks were started in this country thirty-seven years ago. Of late years their number has grown rapidly. There are now 4,582 schools that have some kind of a savings system, in co-operation with local banks. More than a thousand schools joined the movement last year.

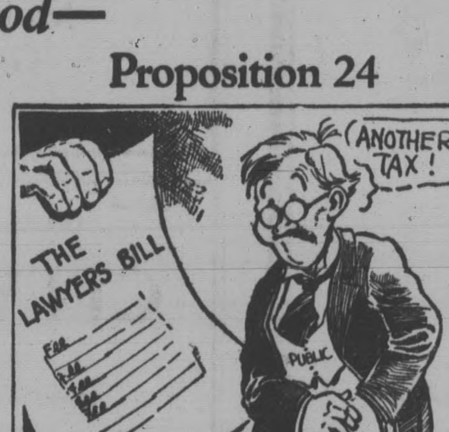
Distinctly **NOT** *for the Public Good—*

Proposition 24

If you DO NOT want a law that would LEGISLATE you into a lawyer's office to pay a lawyer's fee—If you DO NOT want a law that would *make it a crime* for your banker or your business agent to give you a little business-legal advice, FREE —VOTE "NO" on the Lawyers Bill.

Remember the number—24



Every vote for the Lawyers Bill is a vote to dig for lawyers' fees

The Lawyers Bill—*legislation by lawyers for lawyers*—was passed by the legislature in 1921, chiefly through influence of more than forty lawyer members—a third of the total membership.

There was no need for it. The public did not demand it. *Only a limited group of lawyers want it.*

The act was not drawn for the purpose of purifying the bar or raising its standards; nor with the idea of lessening the cost of legal service or increasing its efficiency. *It is part of a national campaign to benefit the legal profession by compelling greater patronage.*

Business men and bankers generally urge the defeat of the Lawyers Bill solely because IT WOULD IMPOSE A NEW BURDEN OF EXPENSE ON DOING BUSINESS in the state AND IMPOSE UNNECESSARY LEGAL FEES ON THE PEOPLE.

Any new act, like the Lawyers Bill, which would add an unnecessary new expense to the burden already carried by the people is bad legislation and should not be adopted.

Vote **"NO"** *on Proposition Number 24*
The Lawyers Bill

The Public Rights Committee, 236 Mills Building, San Francisco

NOTICE TO VOTERS

Notice is hereby given to the electors of the State of California that the following Bond Act will be submitted to the people of the State of California for their ratification at the next general election to be holden on the seventh day of November, A. D. 1922.

Frank C. Jordan, Secretary of State.

CHAPTER 733, STATUTES OF 1921

An act to authorize the creation of a debt or debts, liability or liabilities, throught the issuance and sale of state bonds, for the single object of creating a fund to carry out the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto; to provide ways and means, exclusive of loans, for the payment of the interest of such debt or debts, liability or liabilities, as such interest falls due, and also for the payment and discharge of the principal of such debt or debts, liability or liabilities, as such principal matures; to create a state land settlement finance committee, the members of which are to serve without compensation; to define the powers and duties of said state land settlement finance committee and of other state officers in relation to this act; to appropriate money for the expense of preparing and of advertising the sale of the bonds herein authorized to be issued; and to provide for the submission of this act to a vote of the people at the general election to be holden in the month of November, 1922.

(Approved June 3, 1921.)

The people of the State of California do enact as follows:

Section 1. For the purpose of creating a fund to carry out the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto, the object of which acts is to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers, the state land settlement finance committee created by this act, to wit, in section ten hereof, shall be and it hereby is authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the manner and to the extent hereinafter provided, but not otherwise nor in excess thereof.

Sec. 2. After the issuance of the proclamation of the governor provided for in section sixteen of this act, and immediately after adoption of any resolution by the state land settlement finance committee hereby created, provided for in section eleven of this act, the state treasurer shall prepare the requisite number of suitable bonds of the denomination of one thousand dollars in accordance with the specifications contained in such resolution. The aggregate par value of all bonds issued under this act shall not exceed the sum of three million dollars and the bonds issued under any such resolution shall bear interest from the date of issuance of said bonds to the date of maturity thereof, at a rate to be determined by the said state land settlement finance committee and specified in such resolution, but in no case exceeding six per cent per annum. Both principal and interest shall be payable in gold coin of the United States, of the present standard of value, at the office of the state treasurer or at the office of any duly autohrized agent of the state treasurer, and shall be so payable at the times specified in said resolution or resolutions.

All bonds issued under this act shall bear the signature of the governor and the facsimile countersignature of the controller and shall be endorsed by the state treasurer either by original signature or by signature stamp adopted for each particular bond issue under this act, and the said bonds shall be signed, countersigned and endorsed by the officers who shall be in office on the date of issuance thereof, and each of said bonds shall bear an impress of the great seal of the State of California. The said bonds so signed, countersigned, endorsed and sealed, when sold, shall be and constitute a valid and binding obligation upon the State of California, although the sale thereof be made at a date or dates upon which the officers having signed, countersigned and endorsed said bonds, or any or either of said officers, shall have ceased to be the incumbents of the offices held by them at the time of signing, countersigning, or endorsing said bonds. Each bond issued under this act shall contain a clause or clauses stating that interest shall cease to accrue thereon from and after the date of maturity thereof and referring to this act and to the resolution of the state land settlement finance board hereunder by virtue of which said bond is issued.

Sec. 3. The requisite number of suitable interest coupons, appropriately numbered, shall be attached to each bond issued under this act. Said interest coupons shall bear the facsimile signature of the state treasurer who shall be in office on the date of issuance of the bond to which said coupons pertain.

Sec. 4. All bonds issued under this act and sold shall be deemed to have been called in at their respective dates of maturity and the state treasurer shall, on the respective dates of maturity of said bonds, or as soon thereafter as said matured bonds are surrendered to him, pay the same out of the proceeds of the controller's warrants drawn in his favor as provided in section five hereof and perforate the bonds so paid with a suitable device in a manner to indicate such payment and the date thereof. He shall also, on the said respective dates of maturity, cancel all bonds bearing said dates of maturity and remaining unsold, by perforation with a suitable device in a manner to indicate such cancellation and the date thereof. The provisions of this section shall be applicable also to the interest coupons pertaining to the bonds authorized by this act to be issued, and shall be applicable, as far as practicable, to any duly authorized agent of the state treasurer.

Sec. 5. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state, as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collections of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be returned into the general fund in the state treasury all of the moneys subject to and available for the use of the state land settlement board not in excess of the principal of and interest on the bonds, then due and payable and, in the event of such moneys so returned on said dates of maturity being less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the general fund in the state treasury as soon thereafter as it shall become available, together with interest thereon, from such dates of maturity until so returned, at the rate of five per cent per annum, compounded semiannually.

Both principal and interest of said bonds shall be paid when due upon warrants duly drawn by the controller of the state in favor of the state treasurer or in favor of any duly authorized agent of the state treasurer, upon demands audited by the state board of control, and the moneys to be returned into the general fund in the state treasury pursuant to the provisions of this section shall likewise be paid as herein provided upon warrants duly drawn by the controller of the state upon demands duly audited by the state board of control.

Sec. 6. The sum of ten thousand dollars is hereby appropriated out of any money in the state treasury not otherwise appropriated to pay the expenses that may be incurred by the state treasurer in having said bonds prepared and advertising their sale. Said amount shall be refunded to the general fund of the state treasury out of the land settlement fund in accordance with the provisions of this act on controller's warrant duly drawn for that purpose.

Sec. 7. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as the said treasurer shall be directed by the governor of the state, under seal thereof, after a resolution requesting such sale shall have been adopted by the state land settlement board and approved by the governor of the state; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered plus the interest which has accured thereon between the date of sale and the last preceding interest maturity date; and with the approval of the governor, he may from time to time, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered, to such time and place as he may select. Before offering any of said bonds for sale the said treasurer shall detach therefrom all coupons which have matured or will mature before the day fixed for such sale.

Sec. 8. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in one newspaper published in the city and county of San Francisco and also by publication in one newspaper published in the city of Oakland and by publication in one newspaper published in the city of Los Angeles and by publication in one newspaper published in the city of Sacramento once a week during four weeks prior to such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expense and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The proceeds of the sale of such bonds and such amount as may have been paid as accrued interest thereon shall be forthwith paid over by said treasurer into the land settlement fund in the state treasury and must be used exclusively to provide employment and rural homes for soldiers, sailors, marines and others who have served with the armed forces of the United States in the European war or other wars of the United States, including former American citizens who served in allied armies against the central powers and have been repatriated, and who have been honorably discharged, to promote closer agricultural settlement, to assist deserving and qualified persons to acquire small improved farms, to demonstrate the value of adequate capital and organized direction in subdividing and preparing agricultural land for settlement, and to provide homes for farm laborers, in accordance with the provisions of the land settlement act, approved June 1, 1917, and of any and all acts amendatory thereof or supplemental thereto; provided, that the said land settlement board must pay over to the general fund of the state from the proceeds of the sale of bonds all money which has been heretofore or may be hereafter appropriated and advanced out of the general fund of the state treasury for the use of the state land settlement board on condition that it shall be so paid over; provided, further, that the said state land settlement board may, out of the proceeds from the sale of said bonds, pay all or any part of any indebtedness heretofore by it incurred in accordance with law and remaining unpaid, including the interest accrued thereon, unless the rate of interest applying to such indebtedness is less than the rate of interest applying to the said bonds; and provided, further, that the proceeds from the sale of said bonds may be used to pay the debt created by the issuance and sale thereof.

Sec. 9. The state land settlement board shall be and hereby is authorized with the approval of the state board of control, to invest any surplus moneys in any of the funds subject to or appropriated for its use in bonds of the United States, or of the State of California, or of the several counties or municipalities or other political subdivisions of the State of California and to sell such bonds, or any of them, at the governing market rates, upon approval of the state board of control.

Sec. 10. There is hereby created a state land settlement finance committee composed of the governor, state controller, state treasurer, chairman of the state board of control, and chairman of the state land settlement board, all of whom shall serve thereon without compensation and a majority of whom shall be empowered to act for said committee. The attorney-general of the state shall be the legal advisor of the state land settlement finance committee.

Upon request of the state land settlement board, supported by a statement of the plans and projects of the state land settlement board with respect thereto, the state land settlement finance committee shall determine whether or not a bond issue under this act is necessary or desirable to carry such plans and projects into execution.

Sec. 11. Whenever the said state land settlement finance committee shall have determined that a bond issue under this act is necessary or desirable to carry such plans and projects into execution, it shall adopt a resolution to this effect. The said resolution shall authorize and direct the state treasurer to prepare the requisite number of suitable bonds and shall specify:

1. The aggregate number, aggregate par value, and the date of issuance of the bonds to be issued.
2. The date or dates of maturity of the bonds to be issued and the number and numerical sequence of the bonds maturing at each date of maturity.
3. The annual rate of interest which the bonds to be issued shall bear.
4. The number, numerical sequence, amount or amounts, and the dates of maturity of the interest coupons to be attached to the said bonds.
5. The technical form and language of the bonds to be issued and of the interest coupons to be attached thereto.

In determining the date or dates of maturity of the said bonds and the amount of bonds maturing at each date of maturity, the state land settlement finance committee shall be guided by the amounts and dates of maturity of the revenues estimated to accrue to the state land settlement board from the project or projects to be financed by each issue, and shall fix and determine said dates and amounts in such manner that, together with the dates and amounts of interest payments on the said bond issue, they shall coincide, as nearly as practicable, and be commensurate, as nearly as practicable, with the dates and amounts of such estimated revenues; provided, that the bonds first to mature in each issue, shall mature not later than five years from the date of issuance thereof; provided, further, that specific numbers of bonds of specified numerical sequence shall thereafter mature at annual intervals; and provided, further, that the bonds last to mature in each issue shall mature not later than forty-five years from the date of issuance thereof.

The rate of interest to be borne by the said bonds shall be uniform for all the bonds of the same issue and shall be determined and fixed by the state land settlement finance committee according to the then prevailing market conditions, but shall in no case exceed six per cent per annum, and the determination of said committee as to the rate of interest shall be conclusive as to the then prevailing market conditions. The interest coupons to be attached to the said bonds shall be payable at semiannual intervals, from the date of issuance of said bonds; provided, that the interest coupons first payable may, if the state land settlement finance committee shall so determine and specify, be payable one year after the date of issuance of said bonds.

Sec. 12. All actual and necessary expenses of the state land settlement finance committee and of the members thereof shall be paid out of the land settlement fund, upon approval of the state board of control and on controller's warrant duly drawn for that purpose, and shall constitute expenses of the state land settlement board.

Sec. 13. The state controller, the state treasurer, and the state land settlement finance committee shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 14. This act, if adopted by the people, shall take effect on the fifteenth day of November, 1922, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 15. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, 1922, and all ballots at said election shall have printed thereon and in a square thereof, the words: "For the land settlement bond act of 1921," and in the same square under said words the following in brevier type: "This act provides for a bond issue of three million dollars to carry out the purposes of the land settlement act." In the square immediately below the square containing such words, there shall be printed on said ballot the words: "Against the land settlement bond act of 1921" and in the same square immediately below said words "Against the land settlement bond act of 1921" in brevier type shall be printed "This act provides for a bond issue of three million dollars to carry out the purposes of the land settlement act." Opposite the words "For the land settlement bond act of 1921" and "Against the land settlement bond act of 1921," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the land settlement bond act of 1921" and those voting against the said act shall do so by placing a cross opposite the words "Against the land settlement bond act of 1921." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 16. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 17. It shall be the duty of the secretary of state in accordance with law to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, 1922; the cost of publication shall be paid out of the general fund, on controller's warrants duly drawn for that purpose and shall be refunded to the general fund out of the land settlement fund in accordance with this act.

Sec. 18. This act may be known and cited as the "Land settlement bond act of 1921."

Sec. 19. All acts and parts of acts in conflict with the provisions of this act are hereby repealed.

REV. MOLONY HONORS RED CROSS IN SUNDAY SERMON

In a sermon in which he paid a striking tribute to the Red Cross, Mr. Molony of St. Peter's Episcopal church said in part as follows:

"The Stars and Stripes is the biggest flag flying in Smyrna today," so reads a cable from Europe. Three main reasons explain this prominence of the American flag.

First. Because it does not represent to Turk, Greek, Jew or Armenian FORCE: conquest, territorial ambition, or even the mandate of a superior world power. It is thus free from the suspicion accruing to the flags of France, England and Italy raised to the rattling of the sabre, the flash of bayonets and the rumbling of cannon in the name of the League of Nations.

Second: Because, it is dawning on the minds of these hereditary foemen that the United States, while refusing to be involved in their ancient feuds, consistently encourages self-determination, and extends the olive branch of peace in the name of a common humanity, to all.

And thirdly, that in midst of feudal hate and warring sects, the Red Cross, supported by the free will offerings of the American people, pursues its work of mercy, and administers the balm of sympathy in the name of the Prince of Peace, the Savior of the world. The Red Cross symbolizing the mision of the Merciful Christ, is the emblem of the Modern American Mission Society at home and abroad.

Ever ready to render help in catastrophe0us at home, six weeks after our declaration of war the Red Cross society had six units ready to take the field, and these were our first detachments to join the Allies at the front; a happy harbinger of America's heart impulse and practical attitude towards the social discords of old world feuds, and the explanation of the prominence of our flag in the crisis of the Near East.

The TRUTH about the State Housing Law

Drafted at direction of the Governor because of public demand for changes from existing laws.

Careful study made months before legislature convened, by experts, architects and engineers, public officials, health officers, fire chiefs, building inspectors, etc.

Passed unanimously by Senate and Assembly.

Encourages decently built homes.

Gives preference to detached homes and flats rather than tenements.

Provides moral and fire safeguards.

Does not impair requirements for health, safety, comfort and convenience of occupants.

Makes permissive use of properties practically outlawed by impractical unnecessary requirements.

Permits construction consistent with modern practice.

Encourages new buildings; makes more work for labor, reduces costs.

Will reduce rentals, lower taxes and insurance.

Safeguards life, reduces fire hazards and protects women and children.

Does not prohibit wooden shingle roofs approved by city officials.

Does not affect existing roofs at any time.

Investigation disproves misrepresentation of opponents.

The self-evident merits of this law command support of all public-spirited citizens.

Duck Hunting Reminiscences

By CLAUDE FOX

The years were now speeding onward. Time, the inevitable, which, with the tide, 'tis truly said, waits for no man, was fleeting faster. There was one year way back in 1877, before I had been presented by dad with my first shot gun, when "Bill" and I thought the succeeding year would never pass, but it finally did, and as each following year slipped by on the wings of time, it was to us quite noticeable how much faster the months apparently passed by. At one time we often wondered if we would live to grow up and carry a shotgun into the marshland as those some few years older than ourselves were doing every day. We soon found time vanishing faster than we had anticipated, and it is no exageration for me to say that as one grows older the years slip by with a rapidity that in our younger life would startle us.

The little dark eyed black curly haired boy who was selling my ducks, and who was later on to become my steady chum and companion, could not rest easily or contented for the years to him as he looked forward, seemed never ending. Fourteen years younger than myself, it was not until a short while before my marriage that he was permitted to carry a shot gun and accompany me on the expeditions for which he craved with a desire and longing that was far more intense than had been generated in my own being by the burning fires of "duckitis." The selling of ducks was to him a novelty for the time being, but the acquisition of the birds by himself behind a number twelve gauge shot gun was the great objective to which he looked forward with an eagerness that was at times pitiful. His parents had permitted him to tramp through the tulles and grain fields behind his older brothers, and this in a measure satisfied him, but carrying the game and chasing crippled birds was not the zenith of his ambition.

Successful scull boat hunting must be done in comparatively calm weather and there were days in each winter when the storm king held sway and the little grassed boat remained tied up at the wharf until the weather settled. On these occasions I could not rest contented, and would take my dog and gun and hike through the slough and tulles, as I had formerly done before adopting the scull boat as a means of acquiring the web-foots. On many of these occasions my little boy friend who was fast growing up into that youth which precedes manhood, would accompany me and when he was finally permitted to carry and shoot one of his brothers guns, he certainly became my steady companion and an attentive, apt pupil in the art of wild duck shooting. He, in fact, haunted me night and day, to such an extent that I believe there were many days when he played hookey from school to learn something that was far dearer to his heart than the dry uninteresting facts contained in the books of the grammar school.

He had not made many trips with me before it became quite noticeable in his make-up that same intense nervous condition, that passionate anxiety that had possessed me in my earlier duck hunting career. It is something akin to what the deer hunter designates "buck fever" and when it possesses a person once, it is a safe bet that nine out of ten you are going to make a miss out of the easiest shots. There is but one remedy, and that is to eradicate it at once for all from your system, to do away with that nervousness which if it remains will spoil the best wing shot who ever pulled the trigger of a shot gun. My method was to get good and mad, or rather pretend I was and give my pupil a good heart to heart talk straight from the shoulder. It usually had the desired effect.

One day George and I took a tramp down through the old Sweeny ranch, crossed the Bushy creek at the little mud hole and prepared to make a sneak out to Bushy Hard Bend. This locality was a great place for mallard, not many of them, but at low water you could almost always be sure to flush from a pair to four or five of the green heads and their biddies. Leaving my companion I made a short reconoiter to get a look into the creek and see what was doing. Returning I said to him, "Now George, there is at least a pair of mallards sitting sound asleep under the bold bank. We will not be able to get a shot on the set but we can walk right up to within twenty yards and let them jump. I will not shoot until after you have done so. Now take your time and kill one with each barrel." He promised to do so, but the moment we started to approach the bend I could see he was possessed of that nervousness which kills a duck hunter's chances of making good. It was no time then to stop and give him a good lecture, but I had my mind made up that it was coming to him later. Slowly we approached and the nearer we came to the bank of the creek, the more I could see that nervousness in evidence. Just as I had informed him the two beautiful birds climbed into the air squarely in front of us, the old drake letting forth that startled quack which possesses a volume of music and the female answering in that never to be forgotten duck language.

George never hesitated an instant, in fact, the two shots rang out so close together that I knew the nerves of my companion were more than on the high. As his second shot boomed forth without result, I carefully raised my gun, took deliberate aim at the drake, pulled the trigger and doubled him up at thirty yards and with the second barrel toppled over the female. When George saw how easily it had been accomplished he wanted to kick himself all over the marsh, for making the miss. I felt sorry for him, because I knew that he was the makings of a fine wing shot, but my sorrow did not prevent me then and there from sailing into him and giving him a good sound lecture.

"See here," I said, "now you have got to cut this business out; the very idea of you missing that pair of mallards; you are going to become a good shot, but you have got to get next to yourself and drop once and for all this nervousness; take your time when you go to shoot; those birds are nothing but ducks and you could have killed them as easily as I did; now never make a miss like that again, or you can't travel the marshes with me any longer."

I really was not half as mad as I pretended to be, but my one great desire was to see George become just what he has developed into, one of the best wing shots in the state, and I figured out that if he was taken in hand a little rough shod, so to speak, I would accomplish my purpose. That my conclusion was correct was fully verified by the events of the succeeding years. His nervousness took its departure and during the years that followed we had many a fine shoot together. We participated in hunts when the wild ducks were coming so fast to the decoys that the most experienced wing shot would become somewhat rattled. On one or two occasions of that kind I could see a faint trace of that "duck fever" returning, but I would speak sharply to him and remind him that they were nothing but ducks and to settle down and get busy. In a few moments he would be himself again and the fleet winged birds of the marshland would be tumbling out of the air with clock work regularity, and he has developed into just what I prophesized for him years ago, one of the best wing shots in the State of California.

Everyone benefits *by the Activities of this Company*

EVERYONE residing in "Superior" California has benefited either directly or indirectly by the activities of this Company.

When over 8000 people are given employment—when over a million dollars a month is put into circulation—the butcher, baker and every home maker feels the prosperity created by such a payroll.

But the enterprise of the P G and E has benefited this section in other far reaching ways. Take for example, the Pit River development work:

The great amount of power ultimately to be generated in *this one district* will be equivalent to the work of *five million laborers a day.* This in itself will insure the industrial and agricultural growth *for years to come.*

And think of this: For every *one* horsepower in power plant development, on the average of 12 acres of unproductive land worth $300 may have four horsepower in motors for irrigation and general use applied to them. Such land then usually produces $1000 in new crops each year and becomes worth approximately $2400.

To industry it means that every time 25 horsepower is harnessed in the mountains, an average of a factory and a half is started involving a capital investment of almost $150,000, providing work for about 34 more people who can produce over $200,000 in new commodities.

AT THE PRESENT TIME this Company has developed power *in excess of the immediate demand.* While the work of developing power is progressing every effort must be directed to creating *more uses* for power, in order *that the best interests of the community will be served.*

TO THE VOTERS OF SAN MATEO COUNTY:

In accord with the Assessors of practically all the principal Counties of the State, I have carefully considered Senate Constitutional Amendment No. 31—known as No. 14 on the ballot—to be voted upon November 7th, providing for taxation of FOREIGN notes, stocks, bonds and mortgages.... I heartily concur in its provisions and recommend its support at the election, as its passage will result in increased revenue for this County.

D. J. Flynn,
County Assessor of San Mateo County.

Approved also by the Assessors of San Francisco, Alameda, Contra Costa, Fresno, Kern, Monterey, Riverside, Santa Barbara, Sacramento, San Diego and 28 other Counties.

NOTICE TO CONTRACTORS

Notice is hereby given that sealed proposals will be received by the Secretary of the Board of Trustees of the Sequoia Union High School district, Redwood City, San Mateo County, California, until Saturday, the 18th day of November, 1922, PP to and until the hour of 1 o'clock P. M. of said day when the said bids will be opened at the office of said clerk, in the office of the Sequoia Union High School, Redwood City, California, for the erection and completion of the new Sequoia Union High School buildings on the property lately acquired by the said district located in Redwood City, California, according to plans and specifications prepared for the same by Werner and Coffey, architects, San Francisco, California.

Separate bids will be received for:
The general work.
The Plumbing Work.
The Heating and Ventilating Work.
The Electrical Work.
The Plastering Work.
For Painting Work.
The Blackboards in place.

Note: Contractors may submit bids including any or all of the segregated portions of the work.

A copy of plans and specifications of said work are on file at the office of the principal of the Sequoia Union High School, Redwood City, Calif., and at the office of the Architects, Werner & Coffey, 312 Humboldt Bank Bldg., San Francisco, California.

On a deposit of $25.00 complete plans and specifications may be had by any prospective bidder and said deposit money will be returned if said plans and specifications are returned in good order and a bona-fide bid is submitted.

Bids must be made on forms obtained at the office of the Architects and be signed by the bidder, accompanied by a certified check for at least 10 per cent of the amount of the bid or proposal certified to by a responsible bank or banker and made payable to D. E. O'Keefe, secretary of the Baord of Trustees of the Sequoia Union High School district to be retained by said school district as agreed and liquidated damages should the party or parties to whom the contract or contracts be awarded fail to enter into the contract after award or to give bonds required for the faithful performance of the contract or any bond required by law.

The Board reserves the right to reject any or all bids or any or all items of such bids.

L. P. BEHRENS, President
D. E. O'KEEFE, Secretary
Board of Trustees Union High School District, Redwood City, California.

Third Prize: **Merchandise Order Value $10**, Donated by the Art Floral Shop.

Fourth Prize: **1 Box of Candy**.

KNOWLEDGE COMPETITION

Following will be found a number of brief paragraphs bringing out a few of the distinctive features or characteristics of the city's institutions. There is a query or two in each paragraph. To the person who first answers them nearest correctly in detail will be given the prizes noted above. The next nearest correct answer is to be given next choice, and so on.

In giving addresses, the street number should be given when available and it is available if it is in the directory. All answers must be neat and legible. There is no guessing about these; there is a clue in each one by which the identity may be confirmed.

Answers may be sent by mail or brought to this office any time before next Thursday. Next Saturday the sequel to this feature will be published.

Keep the issue of this paper so that next week you will see where you made your mistakes.

The competition is open to everyone except the employees of this paper and their relatives.

WHO'S WHO EDITOR
Care Times-Gazette

(Copyright 1922 by Claude S. Moss. Reproduction in any way forbidden.)

(1) Chiropratic was born twenty-five years ago and with its introduction into the professional world, it was met with all sorts of scepticism and doubt. Today, however, this doubt has gone into trust and this form of treatment of the human ill is being received with open arms. Still the hands of Chiropractors are "tied" under the yoke of the medical board in California. In order to relieve this yoke the issue will be voted upon in the coming election. The Chiropractic Art or "Number 16" provides for an examing board to be appointed by the governer, composd of Chiropractors. It provides that Chirapractors be examined by Chiropractors and not by enimies of the profession. This Chiropractic examining board is to be self supporting and does not mean any increased taxes on the people. One Chiropractor who is diligently interested in the passage of this act is, Alice M Hay. So if you want Chiropractors to receive justice in California as well the thousands of patients vote "Yes" on Number 16 in the coming election. Where is this Chiropractors office located? Who was the discoverer of Chiropratic?

(2) Who is the custom tailor in this city who keeps the reputation of the people of Redwood City as good dressers? He has a reputation for doing only first-class work. He is right on the job all the time to see that every suit or overcoat that goes out is perfect. His suits are produced by one man thereby assuring a uniform fit. This is regular expert work and there is no chance for complaint, because this one man has had years of experience, is able to make you a suit that cannot be beat and that signifies the careful, attentive workmanship. This tailor is just as particular as you are and wants you to get your money's worth. We also call your attention to his complete stock in first-class cloth and to the up-to-date selection of latest patterns. Where is Mr. Muller's tailor shop? How many years of tailoring experience has he had? Mr. Muller also carries a complete line of goods for a famous tailoring company. These clothes are all guaranteed personally by Mr. Muller and these prices range from $25 to $50. Find out the name of this tailoring firm.

(3) The cafeteria is more in demand in California than in any other state in the Union. This is because California is the original home of cafeterias and the people see what they are getting before they buy. The appetizing odors tend to give you an appetite that did not exist to start with—try it some time and you will find it to be very true. The cooking of the Sequoia Cafetetia is all done under the direction of experienced and highly recommended chefs, who are excellent cooks. Each morsel cooked has their every attention, thus its quality. The rare food served here is appreciated is plainly evidenced by the liberal patronage enjoyed. The manager here is a person who makes many a life happy by food and kind words, action and purse, if necessary, and if you don't ever smile, it is not their fault. The service offered in connection with its up-to-date cafeteria is something you will appreciate. Where is the cafeteria located and who is the manager? How many people will they seat, and also how many do they serve a day?

(4) The Ford organization is the greatest distributing force in the automobile industry in the world. It has such a tremendous lead that it goes forward with its own momentum. The Redwood City representative of this vast organization is one of the most efficient ingredients of the mighty organization that distributes the output of the great Ford plants. The firm is more than a mere sales enterprise—it is a great public service. The manager strives to do the right thing at all times and pleases the public, thus satisfying his own conscience. The public is learning that Ford service in Redwood City means efficiency and satisfaction. This establishment is not only a Ford Agency, but it is a complete service unit. They make any and all kind of repairs. The shop works on a regular scale in repairing and they are able to tell you what a particular job will cost before it is done. The equipment of this shop is a marvel and system is everywhere obvious. What is the price of the Ford touring f. o. b. Redwood City, also the roadster and coupe? How many cars has this firm sold in October?

(5) Clothes cost too much money to be carelessly cleaned and pressed. Your tailor should be picked just as your doctor or your grocer. It is just as important if you send your clothes to first one tailor and then another in the end your clothes will be ruined and with none but yourself to blame. The De Lux Dye Works commands a high position in the cleaning and pressing business of Redwood City, and they always guarantee their work. These tailors have spent many years in the business and know how to press a suit. They press it to its natural form and not "against the grain." Another thing about this firm, they do not keep your clothes for a week, but will press them while you wait if you are in a hurry. We like to write about people like this because they look upon life with a smile, and greet you the same way when you enter their place of business. At what number on Main Street is this estblishment located and who is the proprietor? How long established? What is the phone number?

(6) There is an establishment on Main that deserves special pride because of its absolute reliability and high standing in the business center of this city. The A. W. Grimmenstein Electric Company at 234 Main St., enjoys an enviable business, owing to the expert work done either in the shop or in your home. They employ only well experienced workers to serve you with electrical appliances, wiring fixtures, and anything that goes in the line of electrical supplies. This shop really shows you how far electricity can be used economically and to your utmost advantage, and it will be of interest for you to go over their large stock in lamps of only the best makes. These are people you will gladly commission with your electrical work because they know how to do the work in a manner that signifies the quality of the store. Who is the manager of this store and when was it established? What is the name of the electric heater they carry? What make washing machine does he carry? What make lamps?

(7) In purchasing jewelry, the buyer puts more faith in the seller than any other commodity that men buy and sell. This article is about a jeweler who has been in business in Redwood City for a number of years, and his reputation for being dependable is second to none. In addition to his exceptional stock of watches, jewelry, rings, silverware, cut glass, etc., he does expert watch and jewelry repairing. This is the store to select your "Gifts That Last" Peterson is the kind of a fellow we like to mention in our columns, because he has a sociable and intelligent personality—one who knows how to make friends and keep them. Go see him at his store and look over his high-class line of jewelry and you are sure to make all of your purchases in this line from him. Every article he sells not only bears the guarantee of the manufacturers, but his personal guarantee goes with it as well. He also is distributor for the most famous phonograph and record company in the World, so drop in and hear the latest records. Where is his store located? What phonographs does he carry, and give the range in prices of this machine?

(8) Redwood City has developed during the last few years into a considerable business and residential center, and there is hardly a busier branch than the real estate business. And among the many offices of this line there is one who has brought to its credit the property of many a business establishment and hundreds of families as well. Mr. Oliver, at 231 Main St., deserves to head the list of prominent realtors, and it is not only the first-class service given to everybody who is interested in this line, but also the way one is treated by this man. He handles rentals, investments and income properties as a specialty. Mr. Oliver is the type of a man you will like to count among your friends, and his professional interests do not keep him from being an active booster for Redwood City, who does his best to help the uplifting the community. What are Mr. Oliver's initials? What other store does Mr. Oliver conduct?

(9) We present a cozy institution in this city to which everyone resorts when they wish to see the beautiful scenery of the world, with the habits and customs of people whom they are not likely to see in the flesh, where interesting methods of manufacture are demonstrated before their eyes, where marvels of scientific achievements are seen and where comedy and drama—the product of the most gifted imaginations of the world are beautifully and artistically portrayed; with an accompan ment of music. For the small fee that is required every good man should give his family the benefit of its entertaining and educational influence. It is located in the 200 block on Main St. The manager and every employee are doing their best to please you. In return show your apreciation by your kindness and patronage. Name this theatre and manager. What is the seating capacity?

(10) There are two kinds of cleaning, one kind is dangerous, beware of the cleaning of your clothes. In this world a person is judged by many things, often by his appearance. Wrinkled clothing almost invariable indicates lack of ambition and other undesirable mental qualities. The New Mtehod Dye House gives careful cleaning service and will help you avoid wrinkles which ruin careers. They have a new wrinkle—a new idea— a clever suggestion for cleaning, pressing, and dyeing and if you have never tried their service, do so, as your business and social career will be brighter and the future filled with hope. Since their establisment this cleaning and dyeing firm has conformed to its early adopted policy. "The guarantee of quality," and the results have been most grtifying. The business increases each year and has been marked and the popularity of the establishment most noticeable. When you meet and get acquainted with the owner here, you will say he is a thorough business person, believes in progress and is always ready to assist and give aid to the welfare of Redwood City. After writing this proprietor's name, give location and number. State why their method is superior. What is their price for Better Dry Cleaning on a man's suit? How long has this firm been established?

(11) If you must knock buy your hammers from this hardware and Winchester store. All of their hardware stands hard ware and their store is known fo better goods. Now that old "KING COLD" is near you better drop in and see the extensive line of stoves and heaters they have on display. Their motto is "See us about a heater and you will always have a warm heart and warm feet." Mr. Hull, the proprieor, is one of the cities' greatest boosters and has always increased his stock to keep pace with growing conditions, and now has one of the largest stocks of hardware, builders hardware, guns, sporting goods and household needs in this section. With their shelves filled with every necessity of the carpenter, and builder, their show cases dressed with a wonderful assortment of cutlery and their floor display of numerous heaters, stoves, gas ranges and washing machines, this firm is a credit to the far sightedness of its managers who have had the vision of a Greater Redwood City and are prepared to furnish the hundreds of new comers with every thing they need in this line. After you have called, find out the name of the heaters and stoves they carry? What make guns do they handle? What is their address and how long have they been established in Redwood City.

(12) "Let's go to the movies!" This exclamaition often shakes away gloom and dullness and you gladly join the happy crowd for you know that you are going to see a regular show. By "movies" the people of Redwood City mean the theatre located on Broadway. They know that at this playhouse they will see the best of screen offerings that the city can afford. When a theater, day in and day out, gives the people the best to ease and comfort tired nerves, it is only reasonable to expect that in return that the theater will always be well filled. To those who have not yet had the pleasure of an entertainment at this theatre, our suggestion is: try it once and after that it will be an easy dose to repeat. The manager of this establisment is genial, easy-going and to know him is to like him. He is always alert and on the look out for the latest and the best to offer his patrons. He feels he has a duty to fulfill to the people of Redwood City, and he is mighty sincere in fulfilling it. Who is this manager and what is the seating capacity of the theatre?

(13) At this exclusive millinery store at 146 Broadway, we find direct from the leading houses many beautiful dress hats which are the latest in style. It is a collection representing the master makers of the best of hats. This is the home of high grade millinery. The work is overseen by a first class trimmer and the manager of this store has had years of expereience in this work. Rarely, indeed, has there been a chance to buy such high grade hats as this millinery offers. These hats are different, not like any that have ever been shown. With the exquisite types, fancy novelties to large picture and pattern hats, the owner of this store makes it arule to give the best possible in style and qualtiy at moderate prices, and will stand back of everything she does. Who is the proprietor of this succesful millinery store who has won os many customers during the last few months? How long has this firm been establisehd? What special low priced hat do they feature? How many years' experience has this little milliner had and in what towns?

(14) What is the name of the automobile that needs no horn? Its name serves notice that people must get out of the way. But this is not the only merits of this well known automobile by any means. Its performance has been established to be the most reliable of any car manufactured. Its staying qualities are of the very highest order. They have been on the market since 1915, but this is not long enough to measure the finish of one of them. They seldom wear out. They are distributed in Redwood City by W. T. Chubbuck and he also conducts a completely equipped shop and garage in connection where first class and correct service is dealt out. Not only are these cars popular but Redwood City is fortunate in having a man at the head of the firm that is just as popular as the cars he sells, if not more so. His establishment is indeed a modern affair and the arrangement of the display rooms with the service garage in the rear makes it most convenient. There are "More than Three Quarters of a Million Owners" of these cars in the world today. What cars are these and what is the price of the touring model?

(15) Is milk and cream an important part of your daily meals? If not, you are one out of a hundred. Then, with this in view, it is only natural for people to be sure that their milk and cream is absolutely right. And to be "right" it should contain a certain per cent of butterfat, as well as be clean and free from all foreign matter. The milk, cream, butter and dairy products you get at the San Carlos Creamery are all that the name implies—sanitary. They feature, pesteurized dairy products and if this little word "pasteurized" means anything to you, then you can ask for no better merchandise in this line. So the next time you need any dairy products of any sort, whether it be butter, milk, cream or cottage cheese, just go to the phone and call and leave your order with them. It will be filled to your satisfaction. These people will give you service, as their business depends upon it. If they did not give you good service on your first trip, you would not return again, and they want your future friendship and business. What is the location of this firm's retail store, and what do they get per quart for their milk? When was the San Carlos Dairy established?

$40.00

GIVEN AWAY ABSOLUTELY

FREE

(16) Did you ever notice how you admire the clothes of others and cannot understand why you do not look as well and know personally that you spend more money for your clothes and yet do not get the proper style, quality, chickness or tailoring? Then you wonder where your friend gets his unusal wearing apparel. The secret is easily solved if you do your shopping with Marcus & Sons' Haberdashery & Dry Goods Store. This store is "Not like others." In their stock will be found well known lines of shirts, shoes and hats, sweaters, ladies hosiery and wearing apparel. The Fall styles are here awaiting your inspection and it is time you are choosing that new suit, dress and hat. Now that you have found the secret to your troubles in correct dress, make it a habit when you are in town to stop in at these stores and see what they have new to offer. You may not think you need anything, but when you see their exclusive displays, you will change your mind. Where are the respective stores located? How long has it been established? What is their leading line of clothing at the Men's store? Also what nationally known hats do they carry? What line of ladies' hosiery, underwear and sweaters do they carry at the ladies' store? What is their motto?

The Louvre French Laundry that changed hands a few months ago and is now managed by Messrs. P. Bordenavre and J. P. Urrere who are now conducting even more of a successful business. They have just installed a lot of new machinery and are now ready to handle all kinds of fine and delicate work besides Hotel and General Laundry.

(17) What is the firm in this city who has solved the burning question? They sell wood and coal, lots of it. This firm has baffled Jack Frost so long and so effectually that they have grown almost ashamed to look the Aurora Borealis squarely in the face. It is a mighty good thing to prepare for chilly weather while it is warm. They also handle hay feed, grain, and poultry supplies. The manager is a prince of a good person and fellow and is one of the best business men. They are known as the one firm in Redwood City who makes "Warm Hearts and Warm Hearths." We enjoy writing about them because they are industrious. They work when they would like to loaf. They are up and going when they would like to sleep. Their reward of success is being reaped and plucked daily. Just to show us you know the firm, will you kindly write its name? Their office and yards are located on Main and Cedar streets. Now that winter is near find out what they charge per ton for coal.

(18) In buying drugs, you want the best, including purity and service which are two essential things to consider when selecting the store from which to buy your needs. Impure drugs are worse than none at all, and poor service means aggravation and annoyance. Only the best drugs are ever handled at the Young Drug Co., located at 18 Broadway. The proprietor is a registered pharmacist and he endeavors to keep a stock that will meet with all requirements and customers do not have to go elsewhere for anything usually found in an up-to-date drug store. In addition to drugs, they carry a large stock of perfumery, toilet articles, safety razors and if you happen to have a sweet tooth, their candies will be appealing to you. The Eastman Kodak is another added feature to their service and they carry a full line of films and supplies. Who is the proprietor of this successful drug store? When was it established? What well known line of candies do they handle? What is their leading line of perfume and what remedies do they carry?

(19) It's an every day economy to own a car and the "Who's Who man has thoroughly proved that. If you could step into my CHEVROLET this minute I could easily show you what I mean. You could, of course, purchase cars with heavier bodies or with more expensive trimmings, but you can get but few cars that are so easily operated and none that are more dependable. Expensive? Oh, dear, no! And that is the important part of my news today. Mr. Clifton, the Chevrolet dealer in Redwood City, has made it possible for everyone to own one by making a small initial payment and the remainder in monthly installments. Women always get what they want eventually, and now is the time. Automobiles are still in style and will be for some time to come. The Cevrolet Owners are more and more impressed with the fact that their practical easy-riding car, that uses but little gas, is far the best car to own. Where is this agency located and what is the price of the new, superior Chevrolet Coupe and Touring cars, f.o.b. here? How long has this concern been in business? Drop in and see the new 1923 model. You'll be surprised.

(20) When a business establishment has reached the heights of success and prominence, it is either to the skillful management or to the quality of merchandise they handle. At the enterprising store at 9 Broadway both of these items are responsible for their standing in Redwood City. The most prominent residents of the city are among their customer list and they have been dealing with them for many years. This is only one example of their stability. Their ware can always be depended upon for being the latest on the market and the good quality never varies. "Where there is quality, there is style," and Knox Dry Goods Co. is well known for both. The store is attractively decorated and the merchandise is displayed in such a manner that it becomes a profound pleasure to shop with them. Their courteous clerks also render great assistance with their timely suggestions of "what is being worn," and you leave the store pleased with your visit, feeling that you have wasted no time whatever. What is the slogan of this enterprising store? Give exact location. What line of ladies hosiery do they carry? What make of Sweaters do they carry?

(21) It tickles everybody's vanity to a big degree to have his friends say how well his home is furnished, and perhaps many of these friends secretly wish they knew where they could buy furniture of equal looks. There is no secret of obtaining the right kind of furniture if one knows the place to shop. Woodhams & McNeil Furniture Company is such a place. They not only handle high-class furniture for the parlor, bedroom and dining room, but their kitchen department is well stocked with Occidental Ranges, and for the floor they have the Congoleum Inlaid Linoleum. This is recognized for its qualities of not bulging or cracking. It's easily cleaned and always sanitary. Just go to this store once and let them show you their collection of home furnishings. They are sure to suit your individual taste, no matter how exacting. They also have a complete assortment of Humphrey Radiant Fire Heaters for this winter. Where is this large furniture store located, and what make of mattress do they recommend for comfort? They also sell them. Also what make of stoves do they handle? How long in business in Redwood City.

(22) Don't junk your old tires. Take them to a reliable tire shop and get their opinion on their condition. They may be vulcanized and run for several thousand miles more. And if you want an honest opinion on this, take your tires to McCracken & Brown Vulcanizing Works. Tires are their sole business, and we make no mistake when we say that they know their business thoroughly. When he has patched a tube or vulcanized a "shoe" for you, then he has made a friend. A guarantee of absolute satisfaction. There is no money value set on it but it is a personal guarantee that you get what you want and no matter what it cost him, he'll see that you get it. In addition to the vulcanizing and repair department, this man also carries a complete stock of Federal tires and he has your size. You don't want to meet a more congenial firm than this, and they are always ready with a smile for you. Where is this shop located? What is their price for a Federal Ford size fabric tire? What other tubes do they handle?

(23) How would you like to live in your own home, have everybody in the family happy, be independent and stop being bothered by the monthly rounds of the landlord? You probably have no higher wish than this, but you have not found it out yet how to get about it. Here is advice which might lead you to the completion of your dreams. Go see Lambert & Walters at Broadway and Webster strrets, the well known and highly reputed real estate men. They will do anything for you in that line, and their work is such that you can ask anybody who has been in touch with them about buying, selling, loans, insurance or investments. They are always ready with their courteous attention and there is no chance of wasting time for their prompt and accurate service is unexcelled. You can make no mistake in putting your affairs into their hands. How long have these men been in business in Redwood City? Name five insurance companies that they represent.

(24) The Redwood Grocerteria at 301 Main St., conducted by Mr. E. B. Hinman is an example of the modern method of selling groceries. You make your own selections from clean, high-class stock, neatly arranged, with the price plainly marked on each article. You may spend all the time you want in making your choice of brands and sizes without feeling that you are taking up the time of an expensive clerk. On the other hand if you are in a hurry you can get out in the quickest possible time without waiting for a salesman. When you pay the cashier you pay for the goods only no service charges added. Thrifty folks are coming to recognize more and more that the cash price of goods on the shelf at the store must be distinguished from the price of the same commodities at the kitchen door with the various expenses of salesmen, delivery, book-keeping and credit added to them. If you have not acquired the profitable grocerteria habit drop in anyhow and look over this up-to-date, live-wire store. Notice the arrangement, the display and the prices and you will hardly resist the desire to become a customer. Find out on what date the store was opened. How many kinds of beans are in packages on the shelf? How many brands of package coffee does he carry?

(25) "Some Pumpkins" is a good old home expression, originated in the back woods to emphasize something out of the ordinary. It is most fitting for the lumber sold by this company. The policy of this company in dealing with customers so that they do not have to be continually on their guard has proven highly profitable. They have "one price" for they are too busy to "dicker." The operations of this lumber company are not confined to Redwood City alone, although they are located in this city. They not only handle lumber, but all kinds of building materials, cement and do all sorts of mill work. In other words, their contribution toward the up-building of the city is large, as the materials are had to erect the homes. Their lumber and products are found in most of the homes in the city and they always guarantee everything they sell. Furthermore, they stand firmly back of their guarantee. What is the name of this lumber company? How many different kinds of wood do they carry? What kind of cement do they handle?

(26) The most widely known and recognized decorations for any and all occassions are flowers. They are recognized internationally and more can be said with a small bunch of flowers than can be said with a dozen telegrams or any other form of communication. "Say it with flowers" is a fitting slogan for their usefulness and worth. The one flower shop in Redwood City that has created a reputation for having in stock all of the different flowers in season is known as The Art Floral Shop in the 100 block on Broadway. They carry a complete line of flowers for the dining room table, to ship to your friends or pot flowers to decorate your home and porches. This flower shop has adopted the above flower slogan and are staunch advocates for it. When you desire to remember yourself to a friend, this is the one place to come for they will make up a beautiful boquet for you. The proprietor here likes flowers himself, which is symbolic of happiness. His disposition is also like that of a flower, bright and full of cheer. Who is this proprietor and what is the number of the sop? How long in business in Redwood City? What other establishment does he conduct?

(27) If you want to make your friends happy, present them with a photograph of yourself. A photograph is a token of real friendship and is highly appreciated by everyone. And when you are in Redwood City and desire a portrait of yourself and are not satisfied with just ordinary work, go to S. E. Mason's studio and you will be pleased. This is one man who is behind the camera but not behind the times. His portrait work is indicative of this. In his little studio on Main St. he will be found very busy every day snapping and developing and then touching up, putting the finishing touches on which removes all blemishes. The art of finishing portraits is not possessed by everyone, but this photographer is indeed an expert at it. Then too, his prices are exceedingly moderate, considering the beauty and quality of work turned out. You are always sure of a successful picture here. Do you know that a picture is the only present your friends can't buy themselves? What is the exact location of this studio? What other photographic work does Mr. Mason do?

(28) Are you in the position that you can afford to let your property go to rot? Building materials these days cost a lot of money, and if exposed to the elements of the weather without the proper paint protection, they will deteriorate and will have to be replaced. If your buildings are not properly painted, now is the time to do it. The long record of L. B. Winiger enables you to select your grade and quality of paint in Redwood City without the least bit of trouble. Some of these buildings that he has worked on are: Central School 1916; Drew Bldg., 1917; Cook Bldg; First National Bank Bldg. In addition to the well known paints he features, he is a first-class paper hanger. This firm also carries a large line of high-class artistic wall paper and his stock is so large that you will have no trouble in selecting an individual design. The manager of this firm is a "gloom chaser," and you will always find him with a pleasant smile and ready to give you any assistance or information that he can. Tell us where his place is located? What line of paints does he handle? How long established?

(29) The real estate loan and insurance business has made a tremendous progress in this fast growing city during the last few years standing of this community is mostly due to the skillful handling of the realtors who have established their offices here to help the city and its people to success and happiness. There are two realtors we want to mention in our feature and they have certainly deserved to be given the highest praise in their line, for they have always kept the welfare of the people in mind and have conducted their business accordingly. Letts & Witte are the subjects of this sketch, and it is to them that many private or business enterprises owe their success. These gentlemen are always ready with their valuable advice and it is their pleasure to handle your affairs so that you will be assured of first-class service. How long have they been in business? What is their specialty?

In 1914 an enterprising Danish Post Master conceived the idea of using a stamp as a Tuberculosis Seal in order to secure funds for a sanatorium for children.

But to America belongs the honor of the first seal, which was the charity stamp that originated during the Civil War, when over a million dollars was raised to care for soldiers in Northern hospitals.

Later in 1917, Jacob Riis, the well known writer and friend of Theodore Roosevelt, received one of the Danish Tuberculosis Christmas Stamps. He wrote an article about it for the OUTLOOK, when Miss Emily Bissell, a prominent Tuberculosis worker in Delaware conceived the idea of using a Christmas Stamp to establish a Tuberculosis Hospital outside of Wilmington. The first seal sale brought $3,000 for Miss Bissell's project. The following year the great International Congress on Tuberculosis was held in Washington. This was the beginning of organized effort for the control of Tuberculosis in America. The American Red Cross adopted the stamp for their own work and in 1908 the sale brought $135,000, raised chiefly through volunteer organizations.

The National Tuberculosis Association organized at the international Congress joined with the American Red Cross and under the terms of Agreement, the National Association became the general agent of the American Red Cross during the seal sale. The State Associations organized, received their supplies and remitted ten per cent to the National Tuberculosis Association and Red Cross to be used for further organization work. The Red Cross withdrew from active conduct of the sale and lent to the Tuberculosis Association its emblem and name and they gave to the entire seal sale their moral and financial backing.

In 1919, because of the continued war activities of the Red Cross, and the fact that the war on Tuberculosis had been carried on so successfully that it was necessary to give the Tuberculosis work a separate identity, the Christmas Seal relations were severed with the Red Cross and the Double-barred Cross, which is the emblem of Tuberculosis work the world over, was used on the seal. It has now become a national institution. $20,000,000 have been raised in pennies in the last fifteen years. The Tuberculosis map itself speaks eloquently of the influence of the Christmas Seal. Today, every State has a Tuberculosis Association with 1200 affiliated Associations.

In the beginning of the first seal sale there were only 100 hospitals and sanatoria for the treatment of Tuberculosis. Today, there are 700 with 63,000 beds and 550 clinics in the United States. At the first seal sale the death rate from Tuberculosis was 200 people in every 100,000 population. Today, it has dropped to 114 per 100,000.

In California in 1914, the first organized seal sale was carried on. The death rate was 189 persons per 100,000 and today, it is 151 per 100,000. Every town and county in California has an organized program for the control of Tuberculosis; the nurses, open air schools, clinics, children's camps, Preventoria, nutrition work, Occupational Therapy in the hospitals, help for patients, dental clinics, and all the educational work that has carried California into the front ranks with its program, have come as the result of Christmas Seals.

Every Community selling seals in California receives from the California Tuberculosis Association the supplies necessary to carry on the sale. 45,000,000 seals have been distributed in California and when the sale is over and has raised the quota, which is the sale of 20,000,000 seals, 75% of the funds will be kept locally, 5% will go to support the National Organization, the State Association will pay for the supplies furnished the local Association and out of the remainder will render service to whatever community needs extra help, during the year.

KEEP THIS IN MIND

The Circus to be given by the Sequoia Alumni Association promises to be a memorable event in the history of the town, if the expectations of those in charge of the event are well founded. The circus will be held in the old gym. on the evening of November 18, and will consist of a progran of new and enjoyable stunts. The main ring of the circus will consist of a number of funny acts under the direction of Miss C. J. Boyle, "Rabbit" Bradshaw, Stanton Mullen and the I. K. O. Z. After this program, side shows will be opened as follows:

Museum and art gallery, Doxsee and Woodhams.
Hawaiian Belles, ... "Choke" Torres
Zoo ..... John Isaac
Candy Booth ..... Louise Fitzpatrick
Ice Cream and Punch, Louis Behrens
Fortune Telling ..... The Arabian Sisters.
Freaks ..... "By Themselves"
Weapons of All Nations ..... Lucien O'Connel.

Dancing will be on tap for those who have nickels and sense, and at midnight war will be declared with confetti which will be on sale in large quantities and fancy colors.

Tickets are on sale by the members of the association or at the office of this paper. General admission will be twenty-five cents. Follow the crowd and bring an assorted collection of smiles to the old gym, back of the fire house, on Saturday night, November 18.

WOMANS CLUB TO HOLD ANOTHER CARD PARTY

Those who did not attend the card party given by the Redwood City Womans Club on Wednesday, October 25, missed an enjoyable time. The eats were good and the prizes better; a card table set being won by Miss Susie Otto and a pretty handpainted tray by Mrs. Martin, Mrs. C. G. Lambert won the consolation prize. For the men Mr. Plowman won a half dozen linen handkerchiefs and Mr. Garrish a box of cigars. The Club will give another card party followed by dancing on Saturday November 25, all those who enjoy a good time with good music should reserve this date.

CONGREGATIONAL CHURCH

Odd Fellows Hall, Main Street
Morning worship 11 o'clock, Rev. C. H. Stevens will preach on, "Christian History."

TO GIVE AWAY RADIO SETS FREE

A. W. Grimmenstein announces that the Manhattan Electric Supply Company of New York is offering an opportunity for anyone to get a $725.00 cabinet radio set free.

There will be a total of seventy-five prizes awarded ranging from the $725.00 cabinet down to the smaller sized 'sets.

It costs absolutely nothing to enter this contest. Just call at Grimmenstein's Electric Store at 234 Main street and receive an official entry blank. Simply fill in the sentence in your own way—Red Seal Dry Battery is best—

(1) Because it is the all purpose battery and
(2) Because .....

The contest closes Nov. 15, 1922, so all are urged to call early at Grimmenstein's Electric Store and receive their entry blanks.

—ELECT—

W. M. BIRD

Justice of the Peace Second Township

SAN MATEO COUNTY

Seven years' experience in Justice Court procedure.

Fifteen years a resident property owner in township.

Justice with dignity.

Always on the job.

ELECTION, NOVEMBER 7, 1922

MENLO PARK NEWS

The James Cunninghams, who have been living at Woodside, have purchased the Leslie Moore home here and will reside here.

The Misses Rebecca and Geraldine Mulcahy of Ross, Marin county, have taken apartmens on Roble avenue and expect to make Menlo Park their home.

The James Flood family, always one of the last to leave Menlo Park for the winter, has closed "Linden Towers" and remived to San Francisco for the season. For the few days before their departure Miss Rosamund Johnson of Boston was their house guest.

James Flood and his son, James, Jr., Frederick Moody, Perry Eyre and M. Boule made up a party of Peninsula and San Fancisco men who motored to Santa Barbara for the week end.

Mrs. David Moore of Menlo Park will leave this week for Arizona, ot make her home near Yuma, where her husband owns a valuable anch.

M. and Ms. Clinton LaMontague who have occupied the Atheton Macondray residence at Atherton for the last two years, have taken the T. T. Greaves house at Menlo Park. Mrs. Greaves will make her home with her daughter, Mrs. Bruce.

Born—To Mr. and Mrs. Manuel Piers at the Palo Alto Hospital October 31, a son. Mrs. Piers is the owner of the Home Dairy near the base hospitay.

J. Commany, a prominent contractor of San Francisco, is erecting an atractive bungalow in Valparaiso Park, which he will occupy when it is completed.

Menlo Parlor N. D. G. W. is planning a card party on November 27. Turkeys will be given as prizes. This will be a good opportunity to secure your Thanksgiving bird.

E. Britton, the popular superintendent of the Bear Gulch Water Company), attended last week the convention of American Water Works Association at Oakland. A number of interesting papers were read upon the water question and the hydro-electric power possibilities in the state. The dry possibilities were not touched upon.

Leslie Murray and J. E. Muray slipped to the foothills on Wednesday morning, the opening of the quail season, and secured the limit of birds in a few hours. They report the game quite plentiful in the hills. W. T. Casey also bagged the limit.

D. J. Buckley, who purchased the beautiful Logan home adjoining the estate of Senator Shortridge last week, moved his family there on Tuesday. The Dr. Stollard home which Mr. Buckley has occupied for the past year has been leased to A. A. Adams.

Mr. and Mrs. Richard Girvin, Jr., have rented their pretty home at Atheton fo one yea to J. M. Grant. The Girvins have taken a house at 88 Sycamore street, San Mateo.

This is the last appeal before election to be made asking the voters of Menlo Park to give the local candidates, Jndge C. A. Shurtleff, candidate for associate justice of the supreme court and F. P. Roach for sheriff, solid suport on next Tuesday. Make the vote unanimous.

Edward Clifford, assistant secretary of the treasury, will arrive here from Washington on November 10 to make an official inspection of all the new buildings at the base hospital, now under the Public Health department. Mr. Clifford will spend some time in going over the structures. His report will be sent to Washington. It is believed he will make recommendations for more buildings. Mr. Clifford is one of the most popular men in Washington. He is a close personal friend of Senator Shortridge. This is Mr. Clifford's first visit to the Pacific coast.

Melbourne Carter is erecting a neat cottage on his property on Roble avenue. When it is completed Mr. Carter will move into with his family.

Two applicvations have been made for spur track privileges above San Francisquito Cottage on the highway. Two were granted by the Southern Pacific Company some time ago.

Miss Blaine has moved her riding academy to the Selby tract from Mayfield. The academy occupies the sight of the old Selby home erected by the Mayor Selby in the very early seventies. Miss Blaine has erected barns and outhouses and has established one of the finest academies of the state.

The Hallowe'en party in Native Sons hall on Tuesday evening under the auspices of the Companions of the Forest was a decided social success. The children of the village were included in the party and they all had the time of their little lives in diving for red apples and in playing Hallowe'en games. The older people enjoyed a delightful dance.

J. H. Sullivan moved to his new home near the depot on Monday. The J. J. Doyle house he vacated has been leased to E. W. Sharp, a structural engineer at Stanford University. Mr. Sharp has charge of all the steel work of the university. He is a graduate of that institution.

Martin McCarthy on Tuesday moved into his new bungalow on Oak Grove avenue. It is one of the prettiest bungalows in town. The Mason cottage which he vacated has been rented to local parties.

ANNUAL MEETING

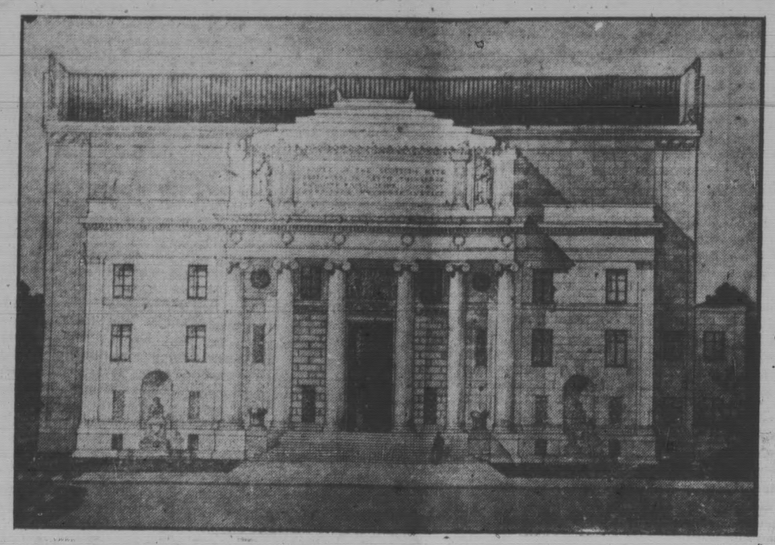
The regular annual meeting of the stockholders of Ocean Shore Land Company will be held at the office of the company in Salada Beach, San Mateo County, California, on Tuesday, November 28, 1922 at 11 o'clock a. m. for the purpose of electing a Board of Directors to serve for the ensuing year and the transaction of such other business as may come before the meeting. Stock transfer books will close on Wednesday, November 15, 1922 at 12 o'clock M.

THOMAS QUIGLEY Secty.
11-4-22 4t

A number of local Masons exemplified the 3rd degree on a Palo Alto Initiate.

The enrollment of the Sequoia night school has reached 160, the high school enrollment is now 350, and as there are about 50 more expected to enter after the Christmas vacation, the capacity of the present school will be taxed to the limit.

$300,000 TEMPLE TO BE BUILT BY MASONS OF SAN JOSE



A story of constnt progress and growth is that of the San Jose Bodies of the Ancient and Accepted Scotish Rite of Free Masonry, who are naw to build a magnificient temple in our neighboring city to the south.

Prior to 1906, Masons who aspired to degrees of the Scottish Rite found it necessary to affiliate with either the bodies in San Francisco or in Oakland. this time a band of twenty-six Scottish Rite Masons of this district decided to obtain a charter from the Supreme Council of the Southern Jurisdiction which they did and the San Jose bodies include Masons of all the territory between Redwood City and Watsonville.

At first the meetings of the Rite were held in the old Masonic Temple on the corner of 2nd and San Fernando Streets in San Jose, but later as a larger auditorium was found necesary the meeting place was removed to Hale's hall in which place the meetings were regularly held and candidates initiated until the completion of the present temple in 1912.

The temple which they now occupy has for ten years met the needs of the constituent bodies which meet in it, but year by year, as each succeeding class of initiates has grown larger it has become more and more place was not sfficiently large to apparent that the present meeting suit the needs of these growing bodies.

And so it resulted that about three years ago, the prospects of a new and finer temple began to be discussed, and now it is soon to be a realized fact.

The proposed temple which will be on Third street in San Jose will cost $300,000 and will be one of the finest in the state. Of this amount $180,000 has already been raised and the remainder will be assured in the near future.

From the small beginning of 26 the membership now numbers 980, of which number 25 are from Redwood City, and the membership is increasing yearly.

Scottish Rite Masonry is practised in practically every country in the world. There are grand lodges in Italy, France, Spain, England, and many of the degrees are conferred in practically the same form we use them in India and China. It is the most complete Rite of Masonry extant, and the only Rite practised in most of the foreign countries.

Because of the tremendous expense of stage equipment, etc., the bodies are not divided much as to location, that is, there are not temples and organizations in every town. The stage equipment alone runs up into the thousands of dollars. The work of the degrees is not memorized, as in the Blue lodges, but is studied after the degrees are conferred.

W. M. BIRD SEEKS ELECTION AS JUSTICE OF THE PEACE

One of the candidates who is attracting considerable attention in the coming election is W. M. Bird, candidate for justice of the peace in the Second township. Mr. Bird is well and favorably known throughout the township has many friends who are working hard to have him elected and he has every assurance of election.

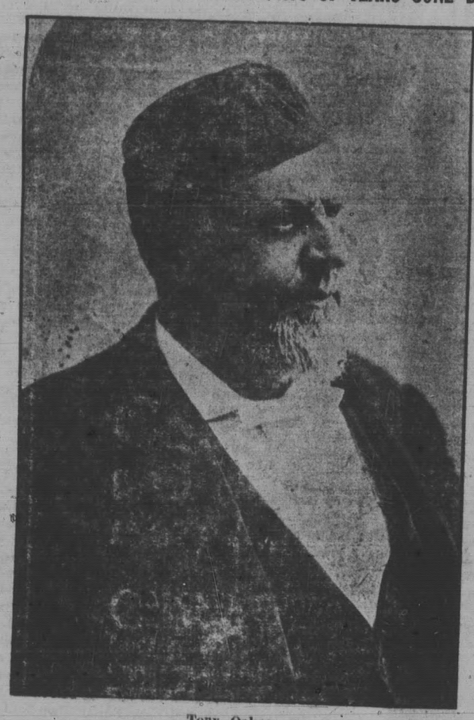
Want ads get results, try one.

The will of the late Mary Prior widow of James K. Prior, was fieled for probate in San Francisco, Thursday. The instrument disposes of an estate of more than $800,000. Mr. Lester Prior, a grandson, of Redwood Highlands, is mentioned as one of the beneficiaries.

If we didn't believe in want ads, we wouldn't have them.

Don't forget the Native Sons dance at the Foresters hall tonight. This is the first three o'clock dance to be held since the ordinance was changed and a record crowd is assured.

HAYWARD CITIZENS RECALLS DAYS OF YEARS GONE BY



Tony Oakes

Haywards, California
November 1, 1922

Editor Times-Gazette

I have received a copy of the Times-Gazette regarding the Crystal Springs celebrated resort in early days. As my father, Anthony G. Oakes, (Tony Oakes) was a celebrity in those historic days, and conducted the Crystal Springs resort, I wish to have him given just recognition in future historical write-ups. Our family have duplicate of the picture you publish in its early days, and I have a very good memory of the surroundings before the Spring Valley Water Company bought it and turned it into a reservoir. I was considered quite a fisherman when a boy and caught many fine strings of trout in the neighboring creeks.

Tony Oakes' name is also connected with San Mateo in the early days, he having conducted the San Mateo hotel.

This news item may not interest the present generation but the early timers who are now living will remember the jolly bonaface, with his guitar, whose ballads made many people happy.

Sincerely yours,

GEO. A. OAKES

Wanted--For Sale For Rent--Etc.

WANTED—Salesman with machine, handle established retail tea and coffee route Redwood City and vicinity. Ex-service man prefered. Commission. GREAT WESTERN TEA CO. 2388 Mission St., San Francisco. 11-4 5t.

Attorneys of San Mateo County Endorse 'Judge' Lampkin for Sheriff

We, the undersigned attorneys of San Mateo County, and practicing before the Courts of San Mateo County, knowing the care, skill and rapidity with which the duties of the Sheriff must be performed for the protection of the rights of litigents, commend the efficient, prompt and courteous service of H. W. Lampkin as Undersheriff of San Mateo County, and we do heartily endorse his candidacy for the office of Sheriff.

This winter, wear a PAR-KERRY Overcoat
Wear a Par-Kerry overcoat this winter—for several very good reasons. Styled right, tailored perfectly, storm-proof—one of the best things that has come from the Fashion Park designing rooms.
Par-Kerry expresses all that is best in British outer-garments—plus refinement that makes it more excellent and practical than English coats.
No finer development of the belted outergarment has ever been achieved.
$45.00 and more

NOTICE TO CREDITORS

In the Superior Court of the State of California, in and for the County of San Mateo.

No. 3069

In the matter of the Estate of JAMES DENNY, Deceased.

Notice is hereby given by the undersigned P. E. MULLIGAN, administrator of the estate of JAMES DENNY, deceased to the creditors of and all persons having claims against the said deceased, to file them, with the necessary vouchers, in the office of the Clerk of the Superior Court of the State of California, in and for the County of San Mateo, or to exhibit the same, with the necessary vouchers, within four (4) months after the first publication of this notice, to the said administrator at the office of the Times-Gazette, No. 61 Broadway, Redwood City, San Mateo Co., California, the same being the place for the transaction of the business of said estate in the County of San Mateo, State of California.

Dated this 19th day of October, 1922.
P. E. MULLIGAN
Administrator of the estate of James Denny, deceased.
FRANK FENTON,
Attorney for Administrator, Rooms 328-29 Mills Building, San Francisco, California.

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

Notice of the Time and Place Set For Probate of WILL and for Hearing Petition for Letters Testamentary.

No. 3080

In the Matter of the Estate of MAUD B. FOSTER, Deceased.

NOTICE IS HEREBY GIVEN that the petition of Albert C. Dierick and T. C. Van Ness, Jr., for the probate of the will of Maud B. Foster, deceased, and for the issuance to said Albert C. Dierick and T. C. Van Ness, Jr., of letters testamentary on said will, has been filedin the above entitled Court, and that Thursday, the 23rd day of November, A. D., 1922, at 10 o'clock A. M. of said day, and Courtroom of said Court at the Court House in Redwood City, County of San Mateo, State of California, have been set and appointed by the Clerk of said Court as the time and place for proving the will of said deceased, and the hearing by said Court of said petition, when and where any person interested may appear and contest said will, and show cause, if any they have, why said petition should not be granted.

Dated: October 31st, 1922.
(Seal) ELIZABETH M. NASH, Clerk.
T. C. VAN NESS, Jr., Attorney for Petitioners, Claus Spreckles Building, San Francisco, California.
(Endorsed)—Filed October 31, 1922.
ELIZABETH M. NASH, Clerk.
